

ArkSigner Software and Hardware Inc.; declares that it will prove its commitment to the establishment, realization, operation, review and continuous improvement of the Quality Management System, in accordance with the TS EN ISO 9001:2015 standard, by realizing the following points by:

- Managing all activities in an integrated manner with our other management systems to ensure the continuity of our business processes,
- Continuously improving the quality management system and increase its efficiency,
- Evaluating the risks and opportunities in our products and services within the framework of the quality management system, to manage them systematically and to keep them under control,
- Ensuring customer satisfaction by providing qualified, safe, continuous and sustainable service,
- Being an innovative and collaborative leading organization,
- Fulfilling the legislative requirements related to national/international standards,
- Being a company that focuses on stakeholder satisfaction in the sector and to follow technological developments continuously,
- Ensuring the traceability of products and services by providing all the necessary documentation,
- Always improving the understanding of management and organization in order to ensure high performance and efficient operation of each unit,
- Delivering our products and services faultless and on time.
