

# Employer Application to a Fullstack Developer

*Full time (Munich), earliest starting date possible*

## WORK WITH THE BEST CTO IN MUNICH AS EMPLOYEE NO. 1

If you have a degree in computer science or 5+ years' experience in web development, we would love to apply as your next (or first) employer. We are building the first business network in the logistics and transportation industry, we offer lots of working hours, free coffee and a steep learning curve.

Work directly with an experienced team of founders (8 successful start-ups, >EUR 60 million in VC Funding) and revolutionize the organization of the worldwide flow of goods (a 40 billion painpoint in Europe alone). The company is currently in one of the most exciting start-up phases: Market and solution have been validated and the first customers are going live.

TradeLink enables participants in a supply chain to automatically coordinate common processes via our platform. The typical journey of our customers on our platform starts with the first digitalization of internal processes, continues with the onboarding of the supply partners and ends with the automation of processes and coordination.

## Our Stack

- ruby on rails
- reactjs, bootstrap, sass
- postgres, redis, elasticsearch
- heroku for continous deployment
- react native, react-native-paper
- raspberry pi, opencv

## Our Experience

- building tech backbones of 10+ operating companies with various technologies such as
- java, ruby, php, node, flash, lua, python, ocaml
- rails, grails, django, flex, elixir
- reactjs, nextjs, grunt, gulp
- postgres, mysql, mariadb, mssql, elasticsearch, mongodb, sqlite, kafka, eventsourcing
- eve, pimcore, odoo, kibana, logstash, greylog, nginx
- rancher, kubernetes, xen, cert-manager, letsencrypt, saltstack, hashicorp-vault
- ga, gtm, snowplow analytics, piwik, ahoy
- jupyter, lab|notebook|hub , pandas, scikit-learn,
- ddd, tdd, agile, techdd
- multicluster, multicloud, microservice, nanoservice, data-driven architecture, evnt sourcing, CQRS

## What we offer you

- An extremely steep learning curve: You work directly with CEO and CTO on their 9th successful start-up.
- You will be an elementary part of one of the most exciting and promising foundation stories of the next years in Europe and a brilliant team.
- And of course a very fair payment and a cool office in the start-up community of Werk1 in Munich.

We would particularly like to encourage future female TradeLinkers to apply and are also happy about every new perspective in the team.

**>> If you are interested just send a short email with your CV, the earliest start date and a very short explanation of your motivation to [hr@tradelink.co](mailto:hr@tradelink.co). <**
