

Your all-in-one solution

All-In-One

Ticks all the boxes.

The right meeting room technology is the backbone for making the **right business decisions** at pace. The **Urban DTEN** partnership takes your meeting room to the next level.

Urban's all-in-one solution offers breathtaking **DTEN** audio and crystal clear visuals, giving you the best experience possible. It's fully customisable, cost-effective and very easy to install.

Features For The Future

Best of the best.

Screen team

All **Urban** solutions can be fully integrated with the award-winning **DTEN** displays. To bring your conferencing to life, you can choose from the **55"** or **75"** in single, dual or triple configurations - or beyond.

The **4K** 120-degree wide angle camera gives you that **face-to-face** in-room meeting experience for remote participants.

Audio that matters

Urban systems eliminate painful broken audio. Crystal clear voice from **DTEN's** 16 microphone array and the sophisticated DSP sound technology from **DTEN** and **Zoom** means sound is sharper than ever.

Collaborate more

Interactive features ensure communication and **collaboration** is productive, embedding for a seamless **Zoom** Rooms for Touch experience.

No Disruption

Business as usual.

Urban solutions are installed in **minutes**, not days. Over lunch or outside office hours, business is not halted by lengthy construction work. Nor do our floor-mounted solutions require any expensive work to the fabric of the building. They can be fitted to **any environment** (brick, glass, listed buildings, you name it...)

Easy-Install

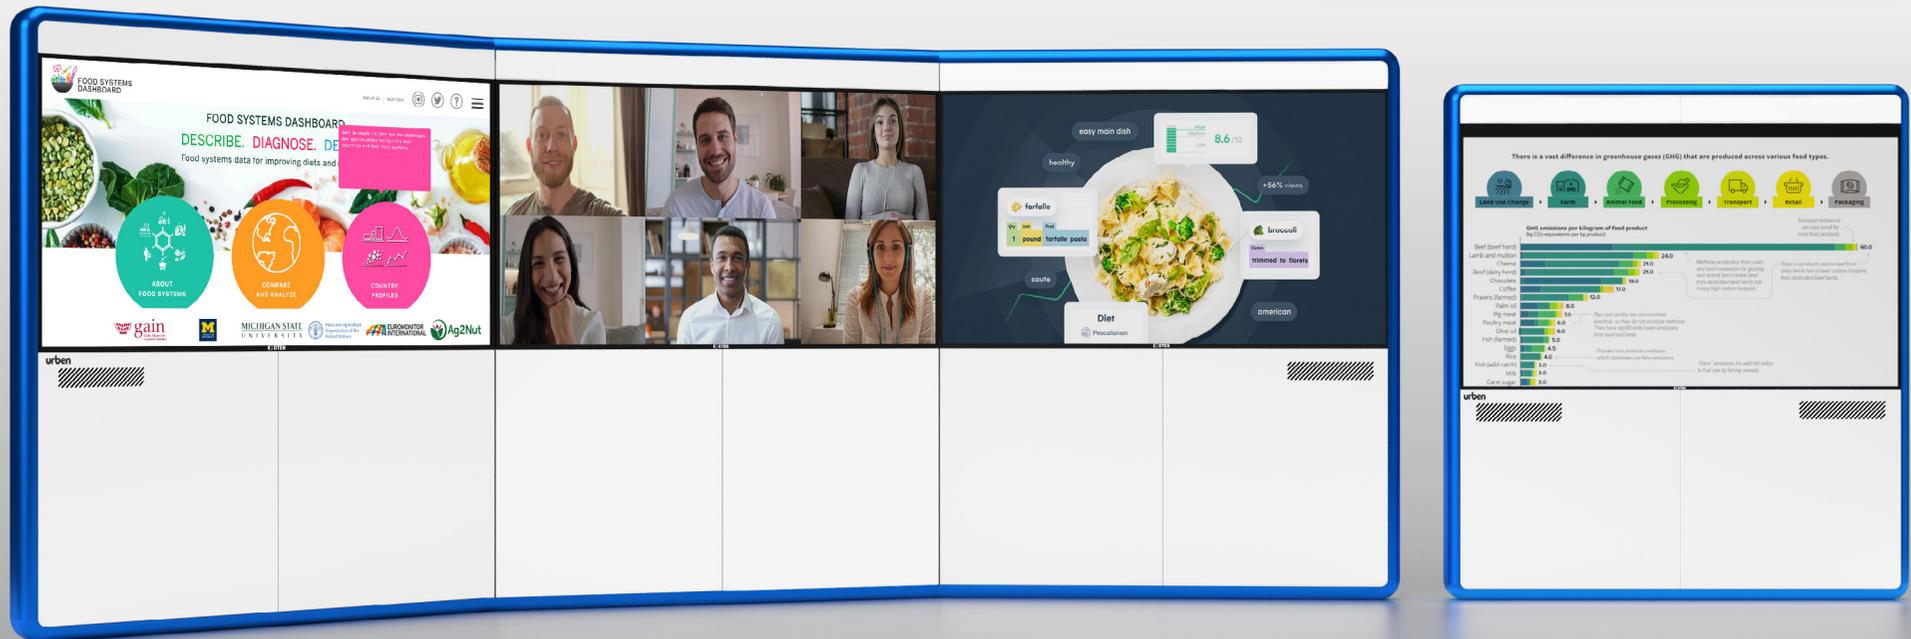

Mountable

Dual + Triple Screens

An empowering solution.

The scalability of **Urban** and **DTEN** solutions means this productivity can be tailored to suit any environment; from executive offices and board rooms, to small meeting spaces and huddle rooms.

The Magic Touch

The perfect companion.

Urban and DTEN companion board solutions offer a seamless ultra-responsive digital whiteboard experience, allowing you to take idea generation up a gear with **interactive annotations**.

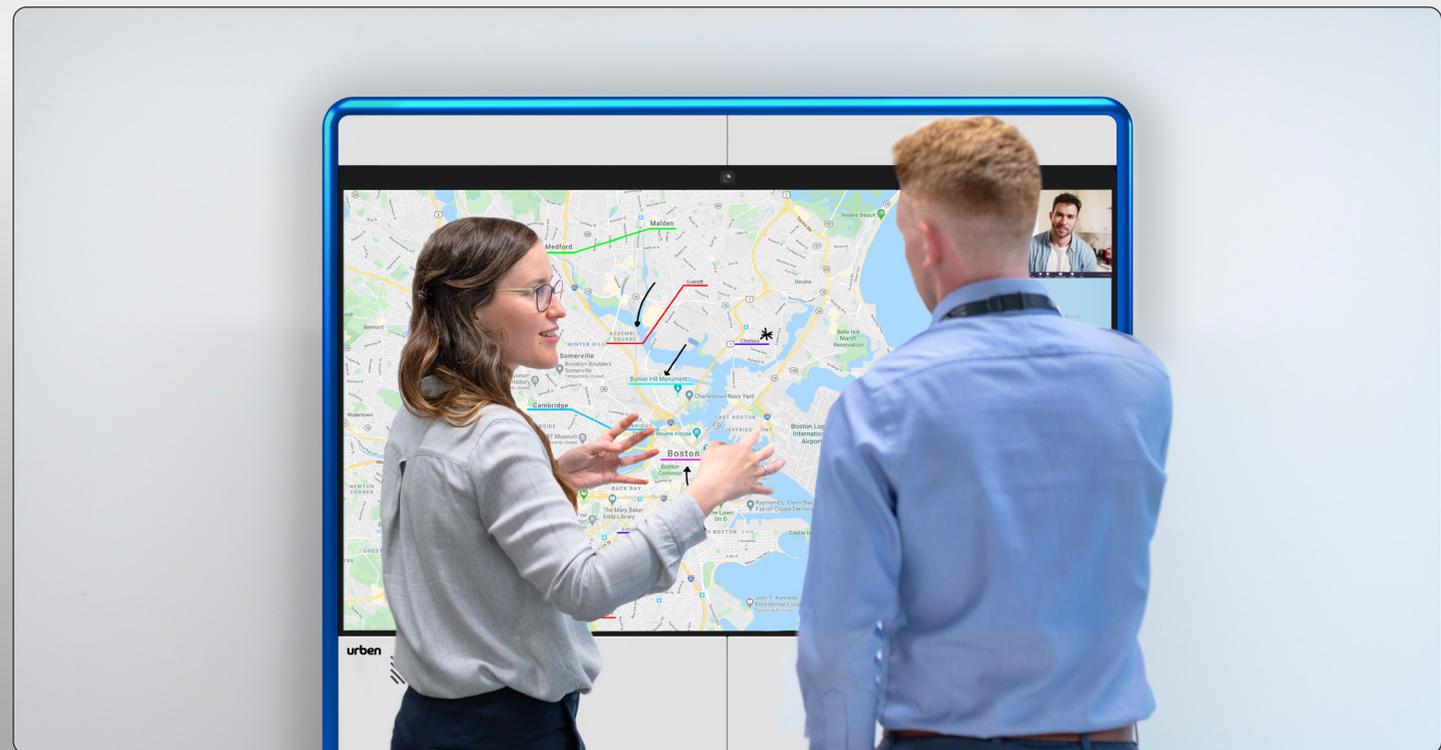

It really is a perfect companion!
