MAKE IT WONDERFUL **FRANKE**

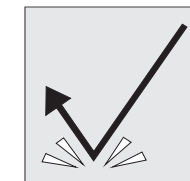

## WHY CHOOSE FRAGRANITE?

Not only is Fraganite one of the world's hardest textured materials, it's also one of the most attractive.

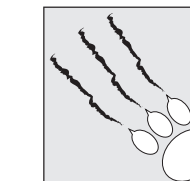

### PRODUCT BENEFITS

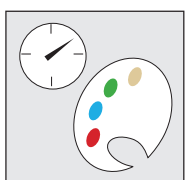

**Heat Resistant**  
Fragranite surfaces will not be affected by heat up to 280° C.

**Impact Resistant**  
Fragranite is resistant to impact and thermal shock.

**Scratch Resistant**  
Knives and forks won't scratch the surface.

**Colour Resistant**  
The surface colour will not fade throughout the lifetime of the product.

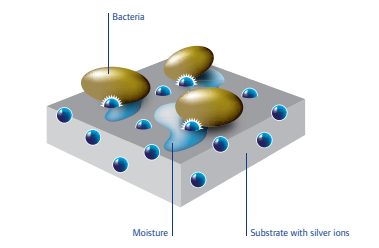

**Stain Resistant**  
The surface colour will not stain or mark and thanks to the silky smooth SilkSheet it is very easy to clean.

**SANITIZED®**  
Kitchens can be a critical location for spreading bacteria.

Silver ions embedded within Fraganite+ locate bacteria on the surface of the sink via moisture, and deactivate them by destroying the bacteria cell membranes, stopping their growth and multiplication.

## SUPERBLY HARD-WEARING

Sinks made of Fraganite are particularly elegant and bring an earthy, natural look to your cooking or preparation space. With a subtle shine and warm to the touch compared to the traditional stainless steel, the smooth surface gives the impression of beautifully water-worn stone. Composed of 80% quartz sand and 20% acrylic resin, Franke's hard-wearing Fraganite gives you a lifetime of beauty.

## WONDERFUL FOR ACTIVE FAMILIES

Kitchens need to be bacteria free and thanks to the Sanitized® treatment, Franke is recognized as a pioneer in the development of elegant, functional and hygienic kitchen sink ware. Sanitized® reduces the growth of bacteria on the Fraganite surface by 99% and uses silver ions to attack deactivate harmful bacteria. All this and Fraganite still remains resistant to stains and high temperatures up to 280°C.
