FRAGRANITE VALUE PACKS

FRANKE IS SWISS

MAKE IT WONDERFUL FRANKE

WHY CHOOSE FRAGRANITE?

Not only is Fragranite one of the world's hardest textured materials, it's also one of the most attractive.

PRODUCT BENEFITS

Heat Resistant
Fragranite surfaces will not be affected by heat up to 280° C.

Impact Resistant
Fragranite is resistant to impact and thermal shock.

Scratch Resistant
Knives and forks won't scratch the surface.

Colour Resistant
The surface colour will not fade throughout the lifetime of the product.

Stain Resistant
The surface colour will not stain or mark and thanks to the silky smooth SilkSheet it is very easy to clean.

SANITIZED®

Kitchens can be a critical location for spreading bacteria.

Silver ions embedded within Fragranite+ locate bacteria on the surface of the sink via moisture, and deactivate them by destroying the bacteria cell membranes, stopping their growth and multiplication.

SUPERBLY HARD-WEARING

Sinks made of Fragranite are particularly elegant and bring an earthy, natural look to your cooking or preparation space. With a subtle shine and warm to the touch compared to the traditional stainless steel, the smooth surface gives the impression of beautifully water-worn stone. Composed of 80% quartz sand and 20% acrylic resin, Franke's hard-wearing Fragranite gives you a lifetime of beauty.

WONDERFUL FOR ACTIVE FAMILIES

Kitchens need to be bacteria free and thanks to the Sanitized® treatment, Franke is recognized as a pioneer in the development of elegant, functional and hygienic kitchen sink ware. Sanitized® reduces the growth of bacteria on the Fragranite surface by 99% and uses silver ions to attack deactivate harmful bacteria. All this and Fragranite still remains resistant to stains and high temperatures up to 280°C.
