

CARE FOR YOUR PATIENTS VIRTUALLY... AND HEALTHFULLY

An easy-to-use telehealth and patient communications solution

FREE during the COVID-19 pandemic

THE HEALTHFULLY™ SOLUTION

Healthfully is more than just a videoconferencing tool – it is a telemedicine solution that is part of a holistic patient communication, support and engagement platform.

Healthfully lets you offer highly secure and streamlined virtual visits with built-in scheduling capabilities, automatic collection of informed consents and other pre-visit forms, payment collection, post-visit communications, and more.

THE COVID-19 CHALLENGE

Your patients need you as much – or more – than ever. With the COVID-19 pandemic limiting ability to conduct face-to-face visits, your practice needs a solution that is affordable, easy-to-use and quick to implement.

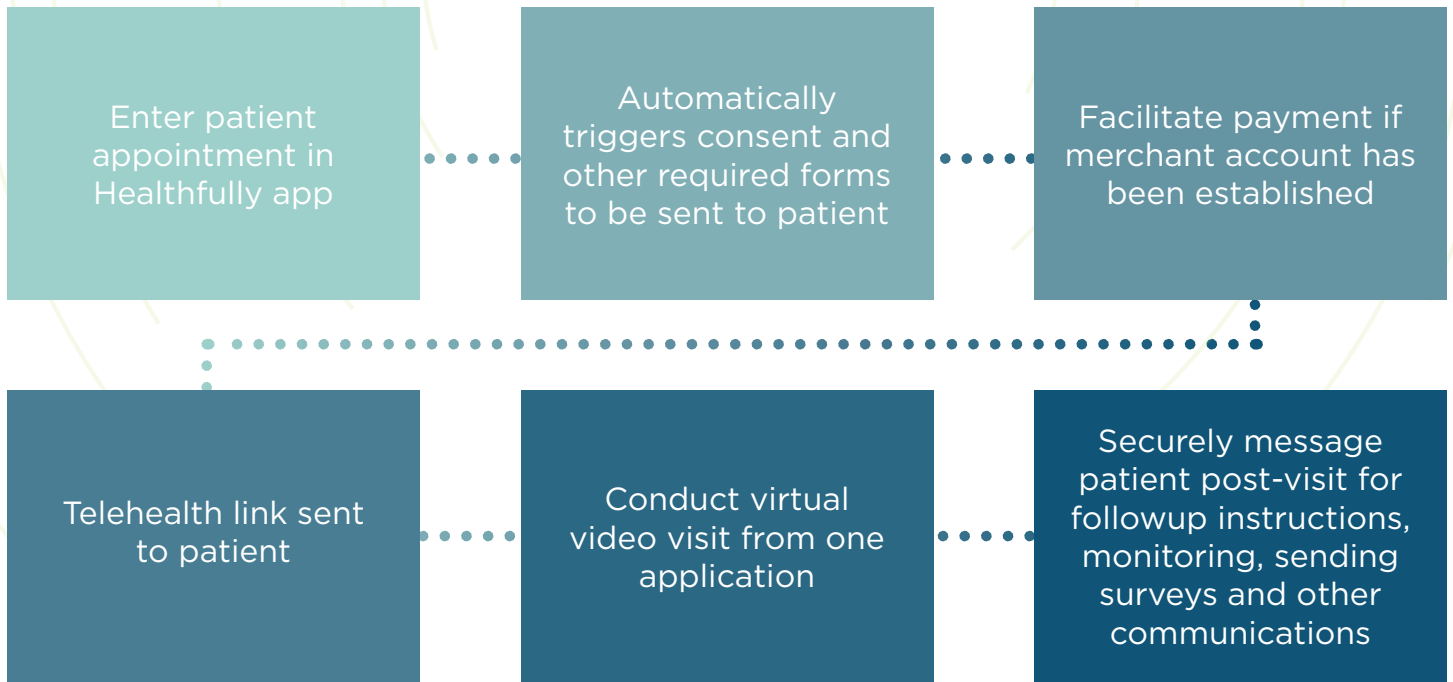

“ Our focus throughout COVID-19 has been to provide the highest level of care to our patients in the safest manner possible. Healthfully helped us quickly and easily conduct virtual visits with our patients and also leverage innovative communications tools. We anticipate continued use of this platform even after the pandemic is over.

– Dr. Todd Batenhorst, Primary Care Physician ”

HOW IT WORKS

THE HEALTHFULLY TELEVIDEO+ PACKAGE

- Works on all platforms: Web desktop and mobile
- Built-in video consult capability
- End-to-end encryption and HIPAA compliance
- Appointment scheduling & reminders
- Secure messaging between patients, caregivers, and circle of care
- Automated consent & pre-visit forms
- Integrated online payments
- Patient experience surveys
- Moderated health communities to inform and engage

MANY HEALTHFULLY BENEFITS

- Deliver care while practicing social distancing
- Up and running in as little as 72 hours
- Streamline the virtual visit workflow
- Maintain current practice revenue and establish telehealth as a new long-term source
- Reduce no-shows
- Promote ongoing patient wellness through online health communities
