Summary 🚀

I'm Bryn — I've been designing digital products for 7 years.

Moving to Copenhagen on the 28th of August.

I work at Monzo — the fastest growing bank in the UK. I've led product design for over 4 million customers.

Northumbria University
BA (Hons) Interaction Design
September 2010–May 2013

Macclesfield College
Art foundation
September 2009–June 2010

Experience

Monzo
Product Designer · *April 2019–today*
- Led design for 4 million customers across multiple product squads like a reward program, a paid account, and our loan product.
- Designed Monzo's credit score product which had 87% monthly retention.
- Partnered with product managers to drive the squad strategy and vision.
- Scaled our loans product which generated significant business revenue.

Alva
Freelance Product Designer · *June 2020*
- Designed and implemented an accessibility-first design system that increased the speed and quality of product releases.
- Shipped the first version of Alva's online menopause consultation.

Thriva
Senior Product Designer · *July 2017–April 2019*
- I was the first design hire — I established and grew the design function.
- Led all design output across digital projects, physical products, and marketing — recognised by Fast Company for great service design.
- Facilitated and ran regular customer research and usability testing.
- Hired our second designer and helped Thriva grow from 6 people to 35.

Great Fridays
Senior Visual Designer · *November 2014–June 2017*

Morrisons Digital
Freelance Digital Designer · *July 2014–October 2014*

Firedog
Junior Digital Designer · *October 2013–June 2014*
