Who are Educ8?

The Educ8 Group are a government contracted training provider, delivering Apprenticeship Training Programmes, enabling businesses to recruit a pipeline of talent and learners to achieve their full potential.

Our entire philosophy is to put the quality of our training provision, and the learner, at the heart of everything we do, which is reflected in the 'good' and 'excellent' grades we have achieved from external inspections and quality audits.

Our focus on service and quality extends not only to our customer base, but to our own staff. The Educ8 Group is listed as one of the Sunday Times Top 100 Best Companies to work for and has been awarded Investors in People platinum status.

At Educ8 we offer a bespoke support package to both our employers and our learners, maximising the quality of our service delivery. Our designated team of Customer Account Managers are here to support businesses throughout the recruitment journey. Our team can help you to create and advertise your job vacancy whilst supporting you with your training and development needs.

Educ8's innovative online resource platform, Moodle, which has been recognised as exemplary by Estyn, provides learners with an opportunity to learn independently and flexibly. Educ8's curriculum stretches and challenges More Able and Talented Learners (MAT) and supports those with Additional Learning Needs (ALN). Apprenticeships are, and can be made, accessible to all learners, our job coach David Jones will work with both learners and employers to support disabled apprentices into work.

At Educ8 we are proud to support the Welsh Government's aim to increase the number of Welsh speakers to one million by 2050, and are passionate about helping apprentices and employers to improve their Welsh skills. Apprentices with Educ8 will have the opportunity, and are encouraged, to enter national and international skills competitions such as Inspiring Skills and World Skills UK. Previous Educ8 apprentices have represented Wales in the Health and Social Care, Childcare and Customer Services sector.

Recommendation

99% of employers would recommend Educ8 Group to others

What is Children’s Care, Learning and Development Level 4 Professional Practice?

This is an advanced level qualification aimed at professional Child Care workers and is designed for individuals employed within the Early Years and Childcare sector.

Learners undertaking this course will need to be in a senior position or if a child minder, the ability to demonstrate support of others with less experience. You will also need to hold a Level 3 CCPLD qualification and be over 19.

The course is knowledge based for experienced staff who wish to develop their leadership potential in order to progress to a leadership and management role within the childcare sector. As it's knowledge based, learners can complete the L4 qualification before they have attained a Management role.

All of Educ8's CCPLD Trainer Coaches have undergone an extensive professional development programme to ensure they are best equipped to deliver the new industry training standards. This means that Educ8 are best placed to offer bespoke one to one support for both the employer and the learner.

If you are an employer, or a learner, and have any specific Covid-19 related queries please get in touch by emailing us at covid-19@educ8training.co.uk

This qualification is ideally suited for experienced professionals in a senior role.

Job roles such as Deputy Manager or Team Leader or those with additional responsibility would be typical of those who enrol on a Level 4 Preparing for Leadership and Management course.

This is a high level qualification that requires learners to commit to completing learning during personal time.

Level 4 Children’s Care, Learning and Development Professional Practice

To achieve the Level 4 Professional Practice in Children's Care, Play, Learning and Development qualification, learners must achieve a minimum of 60 credits in total. To achieve the qualification learners must take one of the following three pathways:

Pathways
Recognising and Supporting Children with Additional Learning Needs (ALN)
Working with Children with Speech, Language and Communication Needs (SLCN)
Working with Families
Preparing for Management

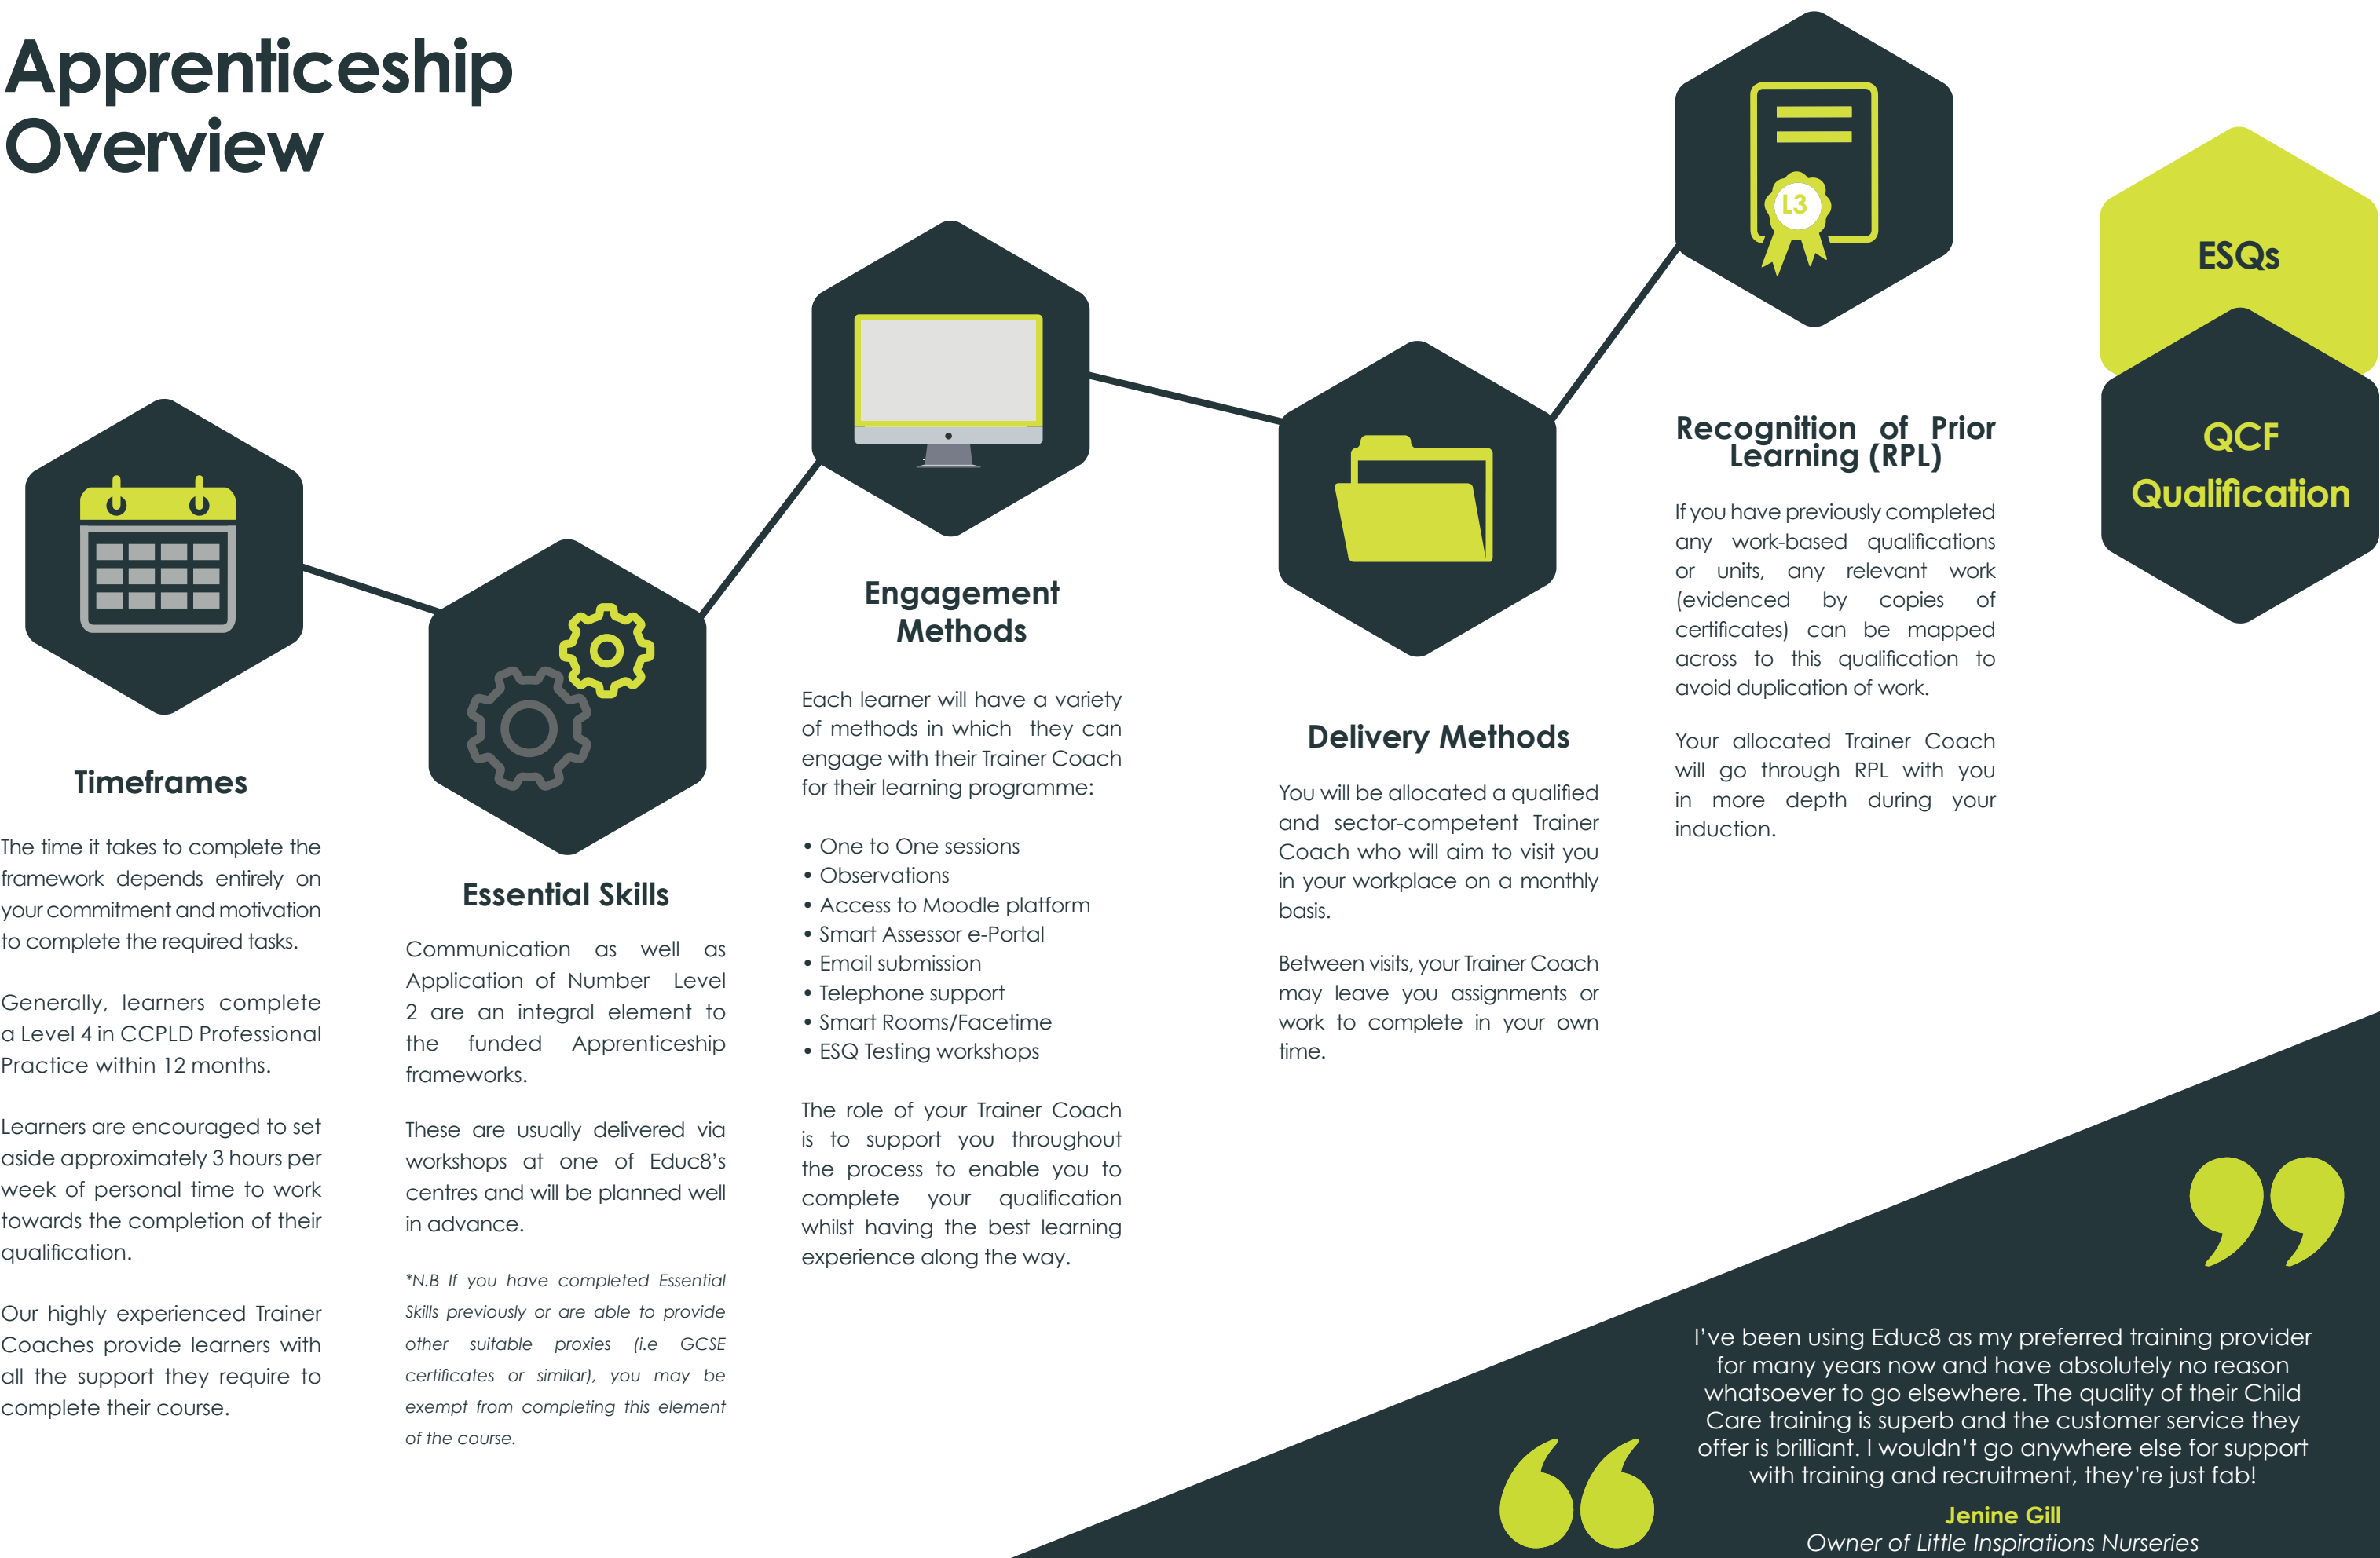

The assessments have been designed for candidates to show their knowledge, understanding and skills of both the mandatory units and their chosen pathway content.

Should you choose the 'Preparing for Management' pathway and then wish to progress on to the Level 5 qualification. You would have already completed elements of the Level 5 NVQ.

However, if you choose a different pathway and then decide to progress in to a senior management role. The 'Preparing for Management' can be completed at the start of the Level 5 qualification.

Apprenticeship Overview

I've been using Educ8 as my preferred training provider for many years now and have absolutely no reason whatsoever to go elsewhere. The quality of their Child Care training is superb and the customer service they offer is brilliant. I wouldn't go anywhere else for support with training and recruitment, they're just fab!
