

Are you newly pregnant?

From 1st July 2021 there is a new way for you to register for all your maternity care at Wye Valley NHS Trust.

You don't need to contact your GP - we will do that for you.

Simply register using this website or scan the QR code below:
<https://www.badgernotes.net/SelfReferral/CareLocation/hereford>

This will notify your midwifery team at Wye Valley NHS Trust who will contact you to arrange an appointment.

If you are not able to notify us online, or if you have difficulty understanding the form as English is not your first language, please call the community midwives office (01432) 372965.

If you have any immediate concerns about your pregnancy
please contact your GP
