

Note to Teachers

There is so much to discover in the WOW museum. We have gathered some ideas for you to enjoy as many WOW moments as possible. We wish you lots of fun during your visit.

Preparation – Materials

The WOW museum provides you with an individual tour guide on your mobile phone or any other device, thus creating an interactive exploration tour through the museum's premises. When scanning the QR codes, the exhibits and illusions are explained.

Goal:

Cultivation of students' soft skills, which will prove valuable during their visit:

- Get familiar with QR codes.
- What exactly is a QR code?
- How can I scan a QR code with a certain device?
- How do I take photos using my mobile phone?

 **Task:** Scan the QR code on the paper sheet & watch the instructions video on how to best explore the museum.

WOW tip: Split up into groups and complete the 4 WOW Rallies as a team. Approx. 3-5 students per team is ideal.

Die 4 WOW Rallies

4 different and exciting rallies await you in the WOW museum:

- **The QR Code Rally**
By scanning the QR codes, you can learn a lot about illusions and spaces.
- **The Photo Rally**
Creative group photos can be taken at our 4 photo stations
- **The Wonder Rally**
Try to solve our museum quiz which consists of 10 tricky questions about optical illusions.
- **The Willow Rally**
Our mascot works as hard as we do, but he is a bit shy and always hides!
