

## Säkerhet- och Trivselregler

### 1. Safety

- 1.1. Use a lock for the lockers in the dressing room, which you yourself consider safe.
- 1.2. Never block emergency exits.
- 1.3. The Factory Gym has the right to conduct camera surveillance in accordance with law. The purpose of the camera surveillance is to prevent crimes and investigate crimes committed and create a safe and secure environment for you as a member. The main rule is that recorded material is saved for 30 days, after which it is played over automatically. Only people in The Factory Gym's security department will have access to the filmed material and the material will only be used in the event of crime or suspected crime. No sound recording takes place.
- 1.4. For security reasons, The Factory Gym staff have the right to break open your lock to the lockers in the dressing rooms after closing. The reason is that all lockers must be open, and emptied, for security checks when closing. Locked lockers will therefore be broken up after emptying and emptied before the next training day.

### 2. Discipline

- 2.1. At The Factory Gym, we care about the equal value of all people. We therefore demand that our members show consideration and respect for each other regardless of gender, transgender identity, disability, ethnicity, beliefs, sexual orientation or age. No one may act or behave in a way that may be perceived as offensive or degrading by others in our premises. This includes words, body language, dress and other forms of expression.
- 2.2. Wipe the exercise equipment after use with a paper towel and spray.
- 2.3. Return exercise equipment after use.
- 2.4. You may not market/sell your own or someone else's goods/services at The Factory Gym.
- 2.5. Only instructors, personal trainers employed by Wellstreet partners AB or other approved persons may instruct and train members in The Factory Gym's premises.
- 2.6. Show consideration for other members of the center and the gym's neighbors. Therefore, never drop heavy weights on the floor and behave carefully and considerately in other respects.
- 2.7. We would also like to draw your attention to the fact that there may be staff of the opposite sex in our changing rooms. If female staff have to go in to patrol or clean the men's changing rooms, or male staff in the women's, this is always announced in advance.

#### WHAT IF YOU DO NOT FOLLOW THE FACTORY GYM'S SAFETY AND ORDER RULES?

The Factory Gym has the right to suspend you as a member for a certain period of time or terminate your membership completely with immediate effect if you violate these safety and order rules or use doping and / or drugs.
