## Spring Break Camps Remote Islands

Our camps are conceived to nurture the kids' creativity and sharpen their skills.

### THE ADVENTURE

Kids will embark on a journey to learn about far away, remote islands. Kids travel through our Studio completing activities at every stop. The activities inspire imagination as kids design, build, and create amazing things.

### Hands-on activities like:

- Imagine and create robotic exotic animals.
- Build survival structures to explore lost paradises.
- Play the awesome world islands tour game.
- Architect a habitat for endangered species.

### SAFE & FUN

Groups are limited to 6 kids per cohort. All kids must wear a self-provided face covering. Please pack a lunch.
