

WINDSOR INTERNATIONAL

Need particular medical supplies for a visit to NYC?

We can have them awaiting your arrival in your hotel room.

Want the latest designer handbag that's been gone from the shelves for months?

We'll find that, too!

Wp

WINDSOR PHARMACY

THE ANSWER IS...YES!

Windsor Pharmacy has been family owned and operated since December 1945. It stands as one of the last, and best, examples of a time when courtesy, product knowledge and service with a smile were part of every customer's retail experience.

To meet the needs of both our community and global clientele, we formed Windsor International -- filling custom requests and scouting hard-to-find products and services with the same white-glove handling that Windsor Pharmacy delivers each day.

**CONCIERGE, PERSONAL SHOPPER, EXECUTIVE ASSISTANT, MERCHANT,
AND FULFILLMENT CENTER...ALL IN ONE!**

MEET WINDSOR INTERNATIONAL

Windsor International is where you'll find those unique items you want that may be seasonal and gone; trendy and out-of-stock; or once popular but now discontinued. We can even get those highly specialized products that are very niche and not readily available.

Through generations of retail maneuvering, we've developed thousands of manufacturing, supplier, distribution and commercial relationships. As a result, we know where to source almost anything!

With an attention to detail that begins from the moment you call or email - and runs past the point of your taking possession of your order, Windsor Int'l is your "go-to" for medical, durable goods, and luxury items and services

SOURCE & PURCHASE

We source hard-to-locate items, then seamlessly deliver or ship them to clients both domestically and internationally

WHITE GLOVE SERVICE

Our white glove service means your special items get to you in pristine condition - on time, every time

MEDICAL & LUXURY ITEMS

Though we specialize in medical durable goods, we scout luxury items and services of almost every kind

INTERNATIONAL FULFILLMENT

Our reach is global with emphasis on the Gulf Region, Qatar, United Arab Emirates, Saudi Arabia, Kuwait, and Europe

**ABOUT ELLEN ADLER
OWNER/OPERATOR, WINDSOR INTERNATIONAL**

"My grandfather was a pharmacist, and my dad and uncle, too. You can say this business is in our blood. My grandmother, mother and sister all worked in the store at one time or another over the decades.

In 2001, as part of an expansion, my father tapped me to join them. I thought: 'What can I bring to the store? My background is in hotels and hospitality.' And then it dawned on me: ***bring 5-Star Hospitality!***

It's from this background and service mindedness that Windsor International operates. I'm here to source the products and services you want, and get them into your hands - carefully, timely, seamlessly, and with an abundance of hospitality!

Please, tell me about your project and how I can help you!"

Ellen
