# TRAVEL HEALTH INSURANCE

Royal Servants requires all participants to be covered by health insurance during the entire mission trip (Training Camp and overseas). While your domestic health insurance may cover international medical expenses, it does not cover medical evacuation or additional costs that may arise from an illness or injury.

Royal Servants purchases travel related health insurance for each participant as part of the cost of the mission trip. The plan will cover many, but not necessarily all expenses in the event of a serious medical emergency while traveling. All expenses incurred that are not covered under this plan will be the responsibility of the participant or legal guardian.

The health insurance policy purchased by Reign Ministries is issued through Bursch Travel. Below is a brief summary of this plan. This year, due to Covid, Royal Servants will purchase a higher limit plan than in past years that will include coverage for Covid related expenses if the participant is diagnosed with Covid while on the trip. You may also consider other options through Bursch Travel that will include even higher limits as well as additional travel coverage such as Trip Cancellation and Trip Interruption which are not covered on this plan.

You may also consider purchasing your own travel health insurance in addition to this from whichever insurer you wish.

Please note that while Royal Servants is purchasing travel related health insurance for each participant, we are not insurance agents. Therefore, we will not be able to answer questions about the plans offered by Bursch Travel or any other insurance agencies. **Please contact John Gossen at Bursch Travel with specific questions regarding policy coverage. You can reach John by phone at 800.645.2331 or by email at [john@g@burschtravel.com](mailto:john@g@burschtravel.com).**
