
YOUR DOMESTIC TRAVEL CONSULTANT

For those of you who will be flying to Training Camp, we strongly recommend you purchase your airline tickets through John Gossen at Bursch Travel. Bursch Travel has been in the travel business since 1956 and has worked with our teams for nearly 20 years. Their association with Signature Travel Network allows them to negotiate some of the best possible rates for our international flights, as well as your domestic ticket.

John Gossen will coordinate your domestic flight to Training Camp with any other students who will be flying in, and will coordinate your domestic flight home with the international flight. He is at the airport for our flight overseas and for many of our flights back to help us through any complications. He handles problems such as late flights and lost tickets, and also arranges any flights should anyone need to return from overseas early.

When you purchase your ticket through Bursch Travel, it not only ensures cooperation with Royal Servants flights, but also assures that you will be well taken care of both in your initial plans and in any problems you may encounter. If you book through John and your international flight comes in late when you return home, John will work with you to rearrange your flights to get you home on the first available return if possible. This is especially important considering official figures show that one in four flights will be either delayed, canceled, or diverted. If you book your own flight and miss your domestic connection, you will have to arrange an alternate flight home yourself which can take hours at the airport.

We realize that some of you may be able to get a free domestic ticket if your parent works for an airline or has frequent flyer tickets. If this is the case, please confer with John at Bursch Travel, as he may be able to help you coordinate your flight. This will not cost you anything.

Please note that Royal Servants does not receive any financial incentives from Bursch Travel by you purchasing your ticket through them.
