POSCO 的行为为缅甸军事政体提供了经济支持，这与国际社会对民主和人权的普遍原则相违背。鉴于此，Justice For Myanmar 向韩国政府和 POSCO 发出呼吁，要求其停止在缅甸进行业务活动。

Justice For Myanmar 由非政府组织（Amnesty International）支持，他们认为，如果 POSCO 继续在缅甸进行业务活动，这将为军政府提供资金支持，这将违背国际社会对民主和人权的普遍原则。因此，Justice For Myanmar 呼吁 POSCO 停止在缅甸进行业务活动，以支持民主和人权。
POS CO’s role in the Myanmar military is well-documented. Since the military’s takeover, POSCO has been involved in various projects across the country. The company has been accused of human rights abuses and environmental destruction.

Korean Civil Society in Support of Democracy in Myanmar (KCSDM) has been advocating for transparency and accountability in the company’s operations. KCSDM has partnered with other civil society organizations to expose POSCO’s investments in Myanmar.

In 2020, KCSDM launched the “Cartel Finance Map” project, which mapped the global reach of POSCO’s military cartels. The project highlighted POSCO’s role in funding military operations across the region.

Yadanar Maung, a member of KCSDM, said, “POSCO’s involvement in Myanmar’s military operations is not limited to the country itself. The company’s activities have a global impact, and we must hold it accountable for its actions.”
