Dear Mr. Pavel

We acknowledge to have received your email dated 24-05-2013 and we appreciate your cooperation for issuing the "Power of Attorney" to us by Mr. A. Vakhovsky, Director of the UE "Tetraedr".

As our next cooperation, we would like to review your format of "Agency Cooperation Agreement". By receiving the draft "Agency Agreement" from you, we will advise you our amendments, edition, addition, if any, to the text of your proposed "Agency Agreement". We would be very much grateful to receive proposed format of Agency Agreement from you.

Concerning suggested possible ways of cooperation, please be advised that we prefer to coordinate with UE "Tetraedr" by option (2) that is "we find the customer, UE "Tetraedr" sell the products to our customer in cooperation with our companay and we receive due service charges (consultancy fee) from UE "Tetraedr".

We would draw your kind attention that we wish to start business cooperation with UE "TRAEDR" discreetly (confidentially) when very initial stage is just started between our business establishments that will enable us to pursue the realization of projects effectively by avoiding possible obstacles from other third parties concerned. We hope for your understanding and we look forward to fruitful business cooperation in nearest future.

Best Regards,

Myo

Dear Mr. Aung,

This is to follow our telephone conversation.

We would like to assure you once again of our sincere interest in cooperation with you.

Please be informed that our company has all necessary licenses and permissions issued by Belarusian government to work directly with any

possible buyer (both state-owned and private).

Thus we would like to suggest two possible ways of cooperation:

1. You find the customer, purchase the products from our company yourself and then sell them to the customer, or
2. You find the customer, we sell the products to the customer directly and you receive due commission.

Please inform us of the way to cooperate which you prefer.

Looking forward to your reply,

Faithfully yours,

Pavel Tsekhanovich
