

## Best-in-class collaboration

Cisco Webex Meeting Rooms.

# | The Highest of Standards, as Standard

Whatever the meeting space, Urban create beautiful plug-and-play solutions that make it easy to leverage the full benefits of **Cisco** anywhere. **Cisco** offers *the* premium experience for secure and seamless video; it's a collaborative lifeline that helps businesses stay resilient to whatever challenges lie ahead.

From virtual receptionists to telepresence, **Urban** bring the best of **Cisco** to provide quick and easy-to-install systems that work first time, every time.

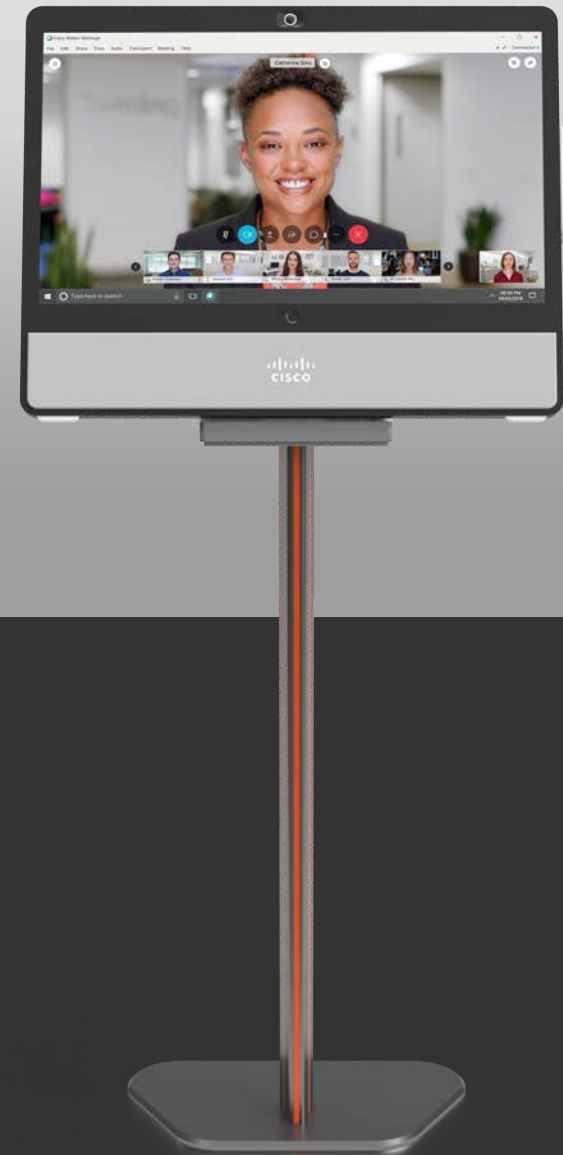

# Virtual Receptionists

Businesses can adapt to hybrid workstyles whilst still providing a professional, personal reception experience. **Urban** Kiosks are a sleek and simple way to bring video communications to open spaces and receptions, whether your staff are at home or in the office.

Staff have the flexibility to perform tasks away from the front desk whilst still being on-hand in an instant. It means more efficient working practices and increased hiring potential, with no compromise to a seamless visitor experience.

Urban Kiosk with Cisco Desk Pro (27") features a 4K touchscreen display

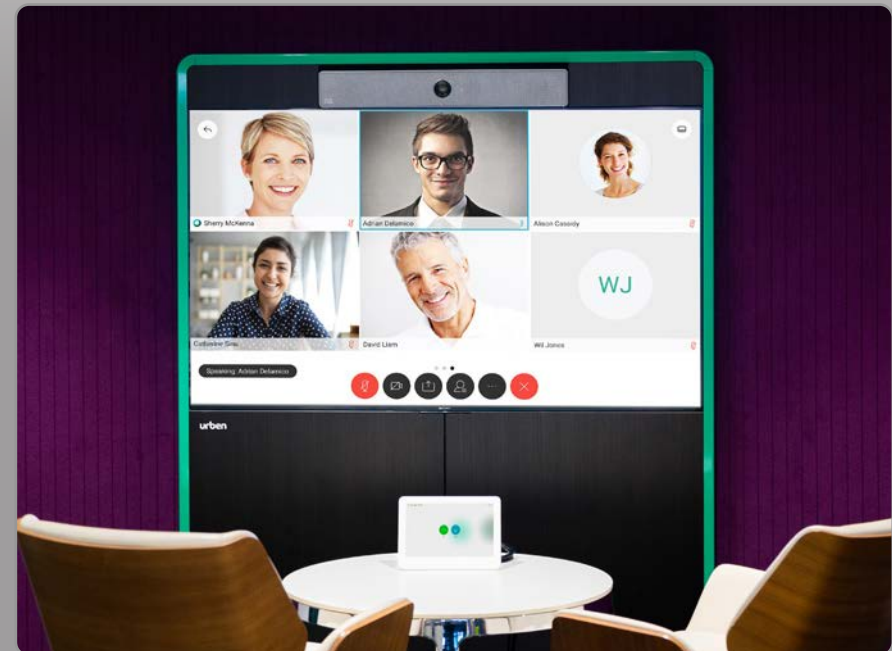

# | Standardised and Scalable

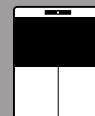

Create awesome global standards for your **Cisco** meeting rooms. Customisable and scalable, **Urban** single-screen solutions allow you to bring **Cisco** to any location.

Cisco Webex Room Kit Mini, with wide-angle UltraHD camera

**Urban** manage the logistics of rollout from planning to execution, ensuring you get a sleek and versatile **Cisco** solution, with minimal on-site disruption. What would take days of pre-configuration and integration is done off-site, with our smallest all-in-one systems popping up **in just a matter of minutes**.

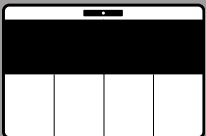

**Urban** Single ranges from 55"-98"

# | Beautiful Design

Navigate the hyper-connected meeting space with ease. The flexibility of **Urban** dual-screen systems makes them perfect for anything from four-person environments through to boardroom suites.

**Urban** Dual ranges from 55"-98"

The **Cisco** platform allows IT departments to monitor live performance, predicting and remediating issues to ensure a seamless executive experience.

Cisco Webex Room Kit Plus, with 5K camera, speaker tracking and auto-framing

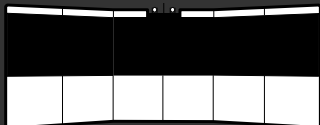

# Fast and Flawless

Urban's patented telepresence-style solutions combine Cisco's best-in-class collaboration with our customisable all-in-one engineering. Together it's the ultimate collaborative experience, boosting productivity and creativity with a premium solution tailored specifically to you.

Cisco Webex Room Kit Plus, with 5K camera, speaker tracking and auto-framing

Available with intuitive touchscreen and interactive companion boards, the flexibility of Urban's solution ensures you can share any application directly with your call, locally or virtually.
