

The diagram shows a white rectangular area representing a mail piece. A dashed blue line outlines the entire area. A dashed red line outlines a smaller area on the right side, which is filled with a light red color. This red area contains text about the address and indicia zone. At the bottom of the red area, there is a small rectangular area filled with a light purple color, which contains text about the USPS barcode zone.

This red area is the address and indicia zone.

It is 3.6in wide.

Make sure you do not have any artwork or ink here.

This is the USPS barcode zone. It is 4.75in wide and 0.625in tall. Make sure there is no artwork or ink here.
