

Class Culture Code

Respect for everyone is the bedrock value of all my classes.

Years of online teaching proved that students will rise to every occasion where good conduct is expected of them. I partner with students and parents to align values in order to produce the best outcomes.

Students and parents who benefit most from my classes are those who are interested and invested in positive outcomes for their futures.

Slack is the communication platform where we connect outside the class. Once you are accepted you will receive an invitation to join your class here.

Position and organize yourself for success. Follow the guidance in #2organizemyself on Slack.

All names on Zoom and Slack has to be your real name as Zoom login credentials map to the attendance the register.

Acquaint yourself with online etiquette, it is only in your own best interest.

I look forward to meeting you soon!
