About OKRs Training, US

Founded by best-selling author and strategy execution consultant Paul Niven, OKRsTraining.com is rapidly becoming the global leader in OKRs Training, Coaching and Certification. A subsidiary of the San Diego based consulting firm, the Senalosa Group, OKRsTraining.com was created to address the overwhelming demand for OKR support caused by the release of Paul's 2016 book, 'Objectives & Key Results, Driving Focus, Alignment, and Engagement with OKRs'. Since the company's founding, OKRsTraining.com has worked with dozens of organizations large and small. Our client list includes companies in North America, South America, Canada, England, Europe, Iceland, Asia, and most recently South Africa.

SOME OF OUR PREVIOUS CLIENTS

Facilitator Bios

Kevin Buam

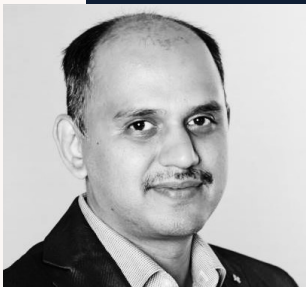

Author and consultant Kevin Baum is passionate about helping organizations get laser-focused on why they exist, for whom, in order to achieve what results - and how to measure, monitor and improve those results. Since 2003 Kevin has worked with more than 200 organizations across the country and world as a strategy execution & performance management coach. Prior to becoming a consultant, Kevin spent 20 years as a government executive, and in that capacity developed a deep and rich appreciation for results metrics as tools to drive decision-making. Kevin is widely recognized for his ability to develop results measures for outcomes that do not lend themselves to easy statistical manipulation.
