- Kadak 4yo**
Wednesday and Thursday 8.30am – 4.00pm
- Dijrrm 3yo**
Wednesday 9.00am – 2.00pm
- Kunawarra 3yo**
Friday 9.00am – 2.00pm

COMMUNITY GARDEN NEWS

Winter is almost here and the garden is feeling it. Some Winter vegetables are in (a little late but let's hope for the best), herbs are doing ok, but Summer vegetables have done their dash. Winter is the time to prepare the garden for next Spring. To fix boxes, mulch and top up soil or grow green cover crops to help revitalise the soil and to get planning what to grow for the next season.

Winter Working Bee

To prep the Lucas Community Garden for next Spring we're having a Winter Working Bee.

We'll be aiming to repaint the tops of boxes, fix the plastic linings, top up soil and mulch, and make sure trellises are up to scratch for peas and broad beans. Many hands make light work so we'd love to see you come along!

Sunday June 6th 10.30am

What to bring- warm clothing, a drink bottle and snack, a spare paintbrush and tin/container if you have one (not essential!). We're still working on securing funding, so any donations towards supplies will be gratefully accepted.

Garden Club Sessions

Tuesday garden club sessions have been running at the garden and are now at the new time of 3:30-5:00pm. The perfect family after school activity!

Come along to say hello, lend a hand in the garden, join in any planned garden activities or just explore what's growing. All ages and abilities welcome.

Sessions will continue through Winter each week, weather permitting.

We would also like to begin some regular weekend sessions for those who work full time. If you're interested in joining in or leading some gardening sessions please get in touch.

We need your help!

We're also after ongoing support for the garden as we aim to expand the site. If you've been considering getting more

involved in and giving back to your community getting involved with the garden is a great way to do it, no gardening skills necessary! We need committee members to help with running the garden and regular volunteers who are keen to take on rostered roles such as watering, building & maintenance, or running garden club sessions.

Being on the committee involves monthly meetings and being part of planning and decision making for the garden, including but not limited to fundraising, grant writing, event organisation, marketing and design, and volunteer coordination, and involvement in and organisation of specific projects. But no one person needs to do all the tasks! If you have skills in any one of these areas that could be helpful we would love to hear from you.

The community garden will be such an asset to Lucas and beyond if we get a good team involved.

Stay up to date!

Are you connected with us on Facebook (Lucas Community Garden) or Instagram (@lucascommunitygarden)?

You can find us on both platforms and following along is the best way to stay up to date with what's happening in the garden- volunteer opportunities, event changes and information on what's growing and how to use it.

GET IN TOUCH

lucascommunitygarden@gmail.com

 **LUCASCOMMUNITYGARDEN**

LUCAS GARDEN DAY

The Lucas Garden day on Friday 19th March was a fun day for the community to get together and celebrate all things gardens. A collaboration between Integra and Ballarat Neighbourhood Houses the event looked to explore the many ways you can attract bird and wildlife to the suburban garden.

A big thanks to all of the groups that were involved. Ballarat Neighbourhood Centre, Wendouree Neighbourhood Centre, Ballarat Regional Industries, The Very Hungry Caterpillar Food Van, Lucas Community Garden, Alfredton Rotary Club, The Paella Guy, Corangamite Catchment Management Authority, Wilsons Fruit & Vegetables, Furals, Gardens for Wildlife Ballarat, Birdsong Nursery & Gardens, Macey Cheesman, Ballarat Veterinary Practice, Department of Justice, Ballarat Community Health, Bunnings Delacombe.

LUCAS PRIMARY SCHOOL

It's been a positive start to the year at Lucas Primary School. Back in February we were pleased to welcome 55 enthusiastic preps into our school and six new staff. We currently have an enrolment of 160 students which includes 3 prep classes, 3 grade 1/2 classes, one grade 3/4 and one 5/6.

The school features state of the art facilities including two learning community buildings where classrooms are located, a Performing Arts and Physical Education facility (PAPE), a Specialist Pavilion for Visual Arts and STEM and an administration building.

Our vision is to empower all students to achieve their best, promoting high quality learning and teaching and excellence in all areas. We provide an engaging and challenging curriculum that caters for the needs of all learners within a positive, inclusive and supportive learning community. Our aim is for all students to develop the knowledge, skills and attributes to achieve success in learning and life. Our staff are enthusiastic, supportive and committed to providing the best for all our students. We value and promote strong home-school partnerships and connections with the wider community. Together we can achieve great things!

If you would like to know more about Lucas Primary School, please refer to our website at www.lucasps.vic.edu.au or contact the school on 5338 5000 or lucas.ps@education.vic.gov.au.

**Enrolments for 2022 are now being taken.
Places for Prep are filling fast.**

HONOURED IN LUCAS

Coltman Plaza Lucas, named in honour of Major Charles Stanley Coltman and his older brother Sergeant Percy Edgar Coltman

left to right: Barrie, George, Steven, Michelle, Vicki, Danielle Coltman - Imagrey by Matt Dunne

Major Charles Stanley Coltman and Private Percy Edgar Coltman were both educated at Macarthur Street State School and Grenville College in Ballarat. The brothers had moved to Sydney to further their careers when they enlisted for service. Charles in August 1914 and Percy in February 1915.

Charles, studied electrical engineering and was for some time attached to the Ballarat Electric Supply Co. Charles was a widower, his wife died shortly after their marriage.

Charles served in the Boer War and also served with great distinction with the 4th Battalion at Gallipoli, being awarded a Military Cross for his gallantry at Lone Pine.

Charles sent cable message to his parents in Ballarat stating he was in Egypt resting and very well, however, he became ill with pneumonia, and it proved fatal. Charles died on 6th January 1916, aged 38. He is buried in the Cairo War Memorial Cemetery. Major Charles Stanley Coltman's World War One service is recognised in the Ballarat Avenue of Honour – tree 1357.

Percy, in his early youth, was an employee of the City of Melbourne Bank. From Ballarat, he went to Africa to take up a responsible position in the Standard Bank, Johannesburg. Percy saw action for a short time at Gallipoli serving with the 22nd Battalion.

After a period of absence without leave, and a subsequent Court Martial, Percy went on to serve in France where he was killed at Pozieres on August 5th 1916. The fighting there was so fierce that Pozieres Ridge was described by historian Charles Bean as "more densely sown with Australian sacrifice than any other place on earth". Percy was 44 years of age and left behind his wife Ellen and a young family.

Percy has no known grave and is commemorated on the Australian National Memorial at Villers-Bretonneux in France. Sergeant Percy Edgar Coltman's World War One service is recognised in the Ballarat Avenue of Honour – tree 1359. The Coltman brothers are also commemorated on the Macarthur Street State School Honour Board.

On the 11th of May the official launch of the Honoured in Lucas exhibition took place at Coltman Plaza Lucas with around 70 people attending to view the unveiling of a new plaque to honour soldiers Major Charles Coltman and Sergeant Percy Coltman after whom Coltman Plaza shopping centre is named.

During the Ballarat Heritage Festival you can view the exhibition where the names and stories of the Lucas Girls and the Soldiers of the Avenue are being brought to life. The exhibition is a collaboration between Coltman Plaza Lucas, Integra and the Arch of Victory/Avenue of Honour Committee.

The Ballarat suburb of Lucas was named after the 'Lucas Girls' who played such a vital role in creating two of Ballarat's most distinguished historical landmarks - The nationally renowned Avenue of Honour and the Arch of Victory, paying tribute to the 3,801 local men and nurses who enlisted in the First World War. The names and the stories of some of those soldiers have been memorialised by Integra in the

Lucas Commemorative Naming Project in which every street in Lucas has been named after a soldier who gave his life in the First World War. One exception to this is Eleanor Drive the main thoroughfare named to honour Eleanor Lucas who founded E. Lucas & Co. in 1888. The business was home to 500 employees known as the 'Lucas Girls' who, under Managing Director Edward Price, substantially planned, paid for and planted the Avenue of Honour now the longest commemorative avenue in Australia. They went on to raise money to build an arch to serve as an entrance to the Avenue of Honour, the Arch of Victory, a landmark that has become one of the more recognised and iconic images of Ballarat.

You can visit the exhibition at Coltman Plaza Lucas (6 Coltman Plaza) from the 7th of May to the 30th of May 2021.

Cpl George Coltman addresses guests at the launch

left to right: President of the Lucas Past Employees Association Lynette Singleton, Joan Benton, Barbara Healey

Siena Catholic Primary School student placing a Poppy

Avenue Of Honour/Arch Of Victory Committee President Garry Snowden

Did you know: *that the suburb of Lucas is named after the Lucas Girls? And that each street in Lucas (except one) is named after a soldier who lost his life in the First World War. The one exception is Eleanor Drive named after Eleanor Lucas the founder of the Lucas Factory.*

Throughout the month of May you can read about some of the stories behind the naming project in Coltman Plaza Lucas in an exhibition running as part of The Ballarat Heritage Festival. You can also make a donation at a local retailer for a poppy and you can add it to the display honoring the soldiers.

27,000 SANDWICHES FOR HUNGRY KIDS

ALFREDTON ROTARY

It was fantastic to meet so many other locals at the Lucas Garden Day and we look forward to meeting many more. We invite everyone to join us to celebrate World Environment Day on June 5 at Mullawallah Rotary Park. We will announce and present prizes to the Environmental Challenge winners. Hopefully we will all hear some fantastic ideas to help our environment!

Take the opportunity to be a part of the park's development by planting a tree or helping to maintain those that have already been planted. (Bring gardening gloves/trowel if you have them to help with weeding around the trees).

This will also be a chance for the community to have an input into the next 15 to 20 year plans for Mullawallah Rotary Park area.

OTHER THINGS WE'VE BEEN UP TO SINCE THE LUCAS GARDEN DAY.

Support for homeless and at-risk people

We were thrilled to see our support for Uniting's Breezeway Meals and Emergency Relief Centre finally to fruition, with the opening of the new facilities. Our Pick My Project grant of \$180,000 helped get the project started, and with generous support from other local organisations and businesses, a fabulous resource has been developed to assist those most in need, in our community.

Medical and School Equipment

We arranged for a container of medical equipment to be sent to support Sidinda Health Clinic Inc, an Australian not-for-profit providing ongoing medical and educational support to the people of Sidinda in rural Zimbabwe. The next container to be sent will contain school supplies, so any donations of school

stationery items, pens, pencils, rulers, erasers, glue sticks, soccer balls and netballs, word and number games, textbooks, sewing thread, buttons, sewing needles, knitting wool and knitting needles, school shoes, socks, runners, reading glasses, school shoes, socks, runners, bras, undies (new), or blankets would be gratefully received.

Eatup - 27,000 Sandwiches for Hungry Kids

We delivered our 27,000th sandwich to local Primary schools so that kids don't need to try to think on an empty tummy. The majority of those have been made by Year 7 and 8 students at Ballarat Grammar, volunteering after school. The program was initiated by Alfredton Rotary in 2016 and has continued and grown, since then. To create and deliver those sandwiches, we have had the wonderful support of Woolworths, Caine Property, Natures Cargo and Eatup Australia, in addition to the students and staff at Grammar.

Fundraising

And we have had a few Bunnings BBQs and marshalled at some local events to raise funds to support our projects. We are always keen to meet new prospective members, so if you are interested in any of the projects mentioned, or have other ideas, message us on Facebook or email alfredtonrotary@hotmail.com.

We would love to hear from you.

DANCING WITH OUR STARS

After having to cancel Dancing with our Stars last year due to COVID-19, we were thrilled to be able to bring the event back to Civic Hall on March 20 and live-stream it into local households. Ten well-known local identities participated as 'Stars' by obtaining sponsors, fundraising a minimum of \$5,000 and performing a dance with a professional dance partner on the night.

The 2021 Dancing with our Stars team included:

- Tim Bone - Sponsored by Stockland Wendouree
- Daniel Nestor - Sponsored by McGrath Ballarat & realestate.com.au
- Taite Radley - Sponsored by Sweaty AF Gym
- Rob Croucher - Sponsored by SMUK Property Styling
- Kevin Vanderkley - Sponsored by Hearty Homes
- Rochelle Kirkham - Sponsored by JK Personnel
- Paula Nicholson - Sponsored by Gull & Co
- Danielle Coltman - Sponsored by ABC Homes
- Alicia Wang Sheludko - Sponsored by Sovereign Radiology
- Anita Godfrey - Sponsored by BGT

Shelley Ross, the owner of The Dance Studio in Ballarat, donated hundreds of hours to teach our Stars how to dance. Each Star was paired with an experienced dancer, was given a style of dance, and was then provided with three or more lessons each week for ten weeks.

All of their hard work culminated in a fabulous night hosted by Josh Arthur and Tabitha Rickard. Our Stars and their partners

wowed the audience both in the Civic Hall and via virtual watch parties. Their performances were judged by Abbey Ross, Constance Coward Lemke and Mark Nunn.

Total funds raised - \$104,184

Dancing with our Stars Champion - Danielle Coltman
 Judge's Choice - Rochelle Kirkham and Robert Powell
 People's Choice - Danielle Coltman and Adrian Messiri

The Ballarat Foundation would like to thank our Stars, Dancers, Shelley and the whole Ballarat community who supported this event and made it a success.

PRETTY LITTLE LABELS BY KRISTY

Pretty Little Labels by Kristy is a little hobby turned into business. I am a mum to two boys under two, I have always had a love for creating and designing things. Falling pregnant during covid and not being able to return to work inspired me to get creative, then I wanted to share that with other people. It all started with my family height charts, and then kept going from there. I am so grateful for the local support so far. We really have such a supporting and generous community around us.

CONTACT

@facebook.com/prettylittlelabelsbykristy

There is a never ending list of reasons why someone may choose to make home their base for their business. Some don't need a bricks and mortar shopfront to run their service based business or online business. Some need the flexibility to be able to care for kids or family members while working and some just find the only way to run their business is from home, it might just make sense!

Whatever the reason we thought we would shine a light on some home based local Lucas businesses who offer some pretty amazing products and services.

WATTLE THREADS

Hello, my name's Sophie! I'm a sewing enthusiast and new mum living in Lucas. Last year I started a small business called "Wattle Threads" to sell my handmade natural lavender scented heat packs and eye pillows. They're made using botanical themed cotton fabric, rice and locally sourced dried lavender. The heat packs come in three different sizes and help to ease aches, pains and stiffness. The lavender scent also creates a wonderful sense of relaxation.

OLI-CHI PRODUCTS

With a passion for providing exceptional products, Oli-Chi offer 100% Natural Soy Wax Candles & Premium Base Reed Diffusers all of which are scented with beautiful fragrance oils that not only smell amazing, they also adhere to safety and purity standards. All of our products are poured, labelled and packaged by hand by us.

LUCAS LAWNS

Lucas Lawns began in 2020 after our second child was born. My background is in landscape design and horticulture and Tiarne works in admin and management. After a challenging pregnancy, and throughout the pandemic, it became a no-brainer for us to have a crack at starting our own thing at home here in Lucas, doing what we love. Lucas Lawns provides professional routine lawn care and regular garden maintenance to the Lucas community and surrounds.

BALLOON HYPE

Hi, I'm Sharee and I am the owner of Balloon Hype Co in Ballarat.

Balloon Hype Co is a small business that operates from home. The idea came about in May 2020 as I was a busy working mum and I was looking for ways to be able to spend more time at home with my two young children. I specialise in custom balloons, balloon garlands, helium balloons and much more. By buying from Balloon Hype Co you are putting money back into the community, and also supporting our family and future.

SOJOURN PICTURES

Sonica, an art admirer and a passionate creator has a special interest in abstract expressionism and textured abstract art. Her goal is to create affordable quality art which is soul touching and easy on pocket!

Exploring abstract art in terms of form, layers, texture and shape is what excites Sonica the most. This form clearly depicts her innermost feelings and emotions. Bright, bold, metallic and vibrant colors are an integral part of her work.

Most of her works are inspired by nature and travel! Traveling, hiking and meditating in nature brings endless creativity to her style of work.

Australian with Indian heritage, Sonica's journey of learning to paint began when she was 6, her mum, after noticing the zeal to draw, color and paint, organized arts lessons for her. These lessons remained part of her growing up for a very long time.

She is based in Lucas, Ballarat, where she works from her peaceful home studio. She is very grateful for the opportunities coming her way.

Mum of two, health and wellbeing enthusiast, nature admirer, she strongly believes that mind and matter are connected. She loves what she is creating and if it can bring joy to others, it will be a fulfilling experience for her.

DOUBLE THE FUN

Double the fun in these two new parks that are coming along nicely in Lucas! Platinum Park Playground is up and Rise Park scooter track has been painted and looks amazing. Both parks are still under construction so please keep clear.

Platinum Park has 4 slides, spider web, fireman's pole, balance pods, three towers, three swings, rocker, monkey bars, climbing net, balance bridge, wall climber. The Dutch Disk is on its way from Germany and is a spinning disk 2.5 meters across.

Rise Park has a giant explorer dome, nest swing, rotanet spinning spire, small trampoline, rotundas, drinking fountain, concrete ottomans, picnic settings and seating. Rise park is really take shape and with a whopping 1034 trees and plants in this park alone it wont take long and it will be a great place to explore for the kids and adults alike.

THE ADJUSTMENT OF 2020

We like to not look back on 2020 but as we settle into our new normal it's hard not to take a moment and see where we were 12 months ago.

For Wilson's, it was a rapidly moving environment and our way of thinking shifted dramatically through the changes occurring throughout the entire chain of the fresh produce/retail world as we knew it.

From our growers, having to keep a steady supply of their produce during lockdown periods, the uncertainty of supply/demand, the ever changing regulations at the Melbourne market and across the state, our shift to providing a home delivery service in a matter of days, our staff turning up and being put in a position never thought imaginable, the planning into the "what if" scenario and operating two stores safely and somewhat independently just in case something was to arise. The list can go on and on, but our team across our Lucas and

Mair Street stores stood up and carried Wilson's through some incredibly tough circumstances along with many businesses in a similar situation.

Whilst we have been a part of the Lucas community for 7 years the support of the Lucas community has never been as important as it was in 2020. The respect and patience of everyone who came in store, emailed an order or phoned through we are so grateful for. To our team, the resilience within our team is something worth shining a light on. Having to hide beautiful smiles and personalities behind masks for months on end while still providing an essential service to our community was no easy feat.

So on behalf of everyone at Wilson's we thank our Lucas community and we look forward to continuing supplying families and businesses with lovely fresh produce.

 Saturday 8:30am - 5pm
 Sunday 9am - 5pm

LUCAS
ORCHARD
 CAFE
 EST. 2020

If you haven't already heard, the Orchard café Lucas is now open weekends.

Offering an incredible range of breakfast, morning tea and lunch options. Best of all, everything sold at the Orchard café is handmade by the team using only locally sourced ingredients including;

- 1816 Bakery
- Inglenook dairy
- Grounded pleasures
- Wilson's fruit and vegetables
- Country style smallgoods
- Taste Ballarat
- Greenhouse Ballarat
- Revolution Print
- Ballarat Mushroom farm
- Sher Wagyu Ballan
- Greenvale Lamb
- Spring creek organics
- Hardy's smallgoods

So when you're wondering where to go for breakfast this weekend think local, think the all new Orchard café Lucas.

Open Monday to Friday 7:30-4
 Saturday and Sunday 8-3

LIFESTYLE LIVING is your time to thrive

With Australian's recently experiencing significant fluctuations in the property market, now could be the time for you to consider downsizing from your high-maintenance family home to a brand-new home in a community that offers a resort-style lifestyle.

For the over 55s, a major contributor to an improvement in lifestyle has been the ability to downsize under the land lease ownership model, which frees up hundreds and thousands of dollars in equity trapped in the family home and gives downsizers more time to thrive.

Ingenia Lifestyle Parkside's Project Sales Manager's Kalila Morley and Karen Eaton said their clients have spent a lifetime working hard, raising a family and paying off the mortgage and they're now putting themselves first and starting to do more of what they love.

"Ingenia Lifestyle's unique land lease ownership model is allowing residents to experience lifestyle living with a financial difference. Downsizers can purchase a brand-new home without needing to pay stamp duty or community entry fees."

"They can also be comfortable knowing they will not incur DMF or exit fees and they will retain any capital gains when they sell their property."

"The model gives residents the lifestyle freedom they crave, giving the time and financial confidence to kick start their travel dreams, start a new hobby, and grow their social networks within the community."

Along with owning a brand-new home, residents often experience a less stressful lifestyle with less clutter and fewer home maintenance tasks, along with a decrease in the utility bills. If you're looking for more financial freedom and choice to live life the way you want in a vibrant new environment.

KEEPING OLDER PETS HAPPY

Just like people, our older pets have special needs. The once bouncy puppy now leads a quieter life and perhaps is not as outgoing as they once were. But how do you decide if your senior pets' behavioural changes are due to old age or if there is an underlying health issue?

With our pets living longer than ever thanks to advancements in veterinary care, nutrition and husbandry, dementia (cognitive dysfunction) is a common problem especially in senior dogs. Some of the symptoms of canine dementia include:

- Disorientation
- Reduced activity
- Abnormal activity
- Inappropriate toileting
- Vocalisation
- Altered sociability
- Changes in sleeping patterns

However, many behavioural changes attributed to old age may in fact be caused by an underlying medical condition. Pathological changes or disease such as heart disease, kidney disease, arthritis or dental disease are common in our older pets. Keep an eye out for any of the following signs:

- Weight loss or weight gain
- Loss of housetraining
- Difficulty rising, walking or climbing stairs
- Confusion or disorientation
- Persistent cough
- Appearance of lumps or bumps
- Bad breath, plaque, or bleeding gums
- Diarrhoea or vomiting
- Change in sleep patterns
- Ear odours, redness, scratching, or head shaking
- Excessive drinking and/or urination

With the correct intervention, many of these diseases can be successfully managed. This is where your veterinarian is invaluable in helping you to support your pet in their senior years.

Your veterinarian will work with you to ensure that your pets underlying medical needs are being addressed whilst also helping you to give them the appropriate lifestyle support to keep them living an active, happy and engaged life.

Supporting your pet at this time in their life involves addressing nutrition, supplements, maintaining a predictable daily routine and helping them with any toileting issues. With an age-appropriate diet, regular exercise, weight management, good dental care, parasite control, regular grooming and mobility support, ensuring that your pet has a good quality of life in their twilight years is achievable.

Together with your veterinarian, you can reward your senior pet with a wonderful life in old age!

This information was supplied by Lucas Veterinary Clinic
