

How to care your face mask

5 hrs

Option 1:

Wash mask thoroughly
in soap and warm
water

Dry in the sun for
5 hours

Option 2:

Place cloth in boiling
water for 15mins

(adding salt to the water is
recommended)

Option 3:

Wash and clean with
soap and water

Apply heat on the mask
for up to 5 minutes
using an iron

Once your mask is
clean and dry, store it
in a clean plastic bag
that can be easily
sealed

(a ziploc bag)
