

## HELICAL PILE SUPPLY SPECIALISTS

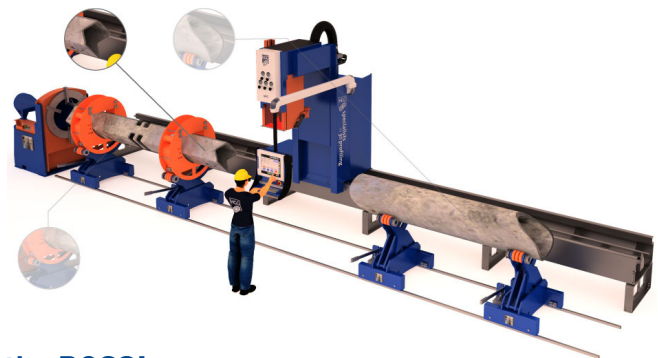

**We're not only the number one supplier of helical pile products in the US, but we also supply a product designed to fit any need and in any quantity. As well as that, before every delivery - no matter how big or small - our procedures and quality checks are second to none.**

We take great care of our material which is all handled in-house by our expert team. Our extensive inventory includes multiple grade categories and as-is lengths suitable for any project.

We pride ourselves on our best-in-class procedures, ensuring all material is delivered on time and to exact customer specifications. Our comprehensive inventory includes, but is not limited to:

- A selection of materials and walls
- Cut to length options on all bids, helping our customers save time and money
- Wheelabrator clean material when required
- CE tests of each joint ensuring our material meets your weld procedure (this includes a separate report supplied with each load)
- ITRs per load, performed by a third party
- We can also provide the following services:
- 45°/30° cuts, beveling, holes, shape by our new pipe profiler
- Certified welding for end caps and helixes
- Free storage for any finished or semi-finished products

If this sounds of interest, contact our helical pile supply specialists today.
