President Guthrie at 2:00 p.m.,
Sunday, Aug. 17, 2011.
Director Arends questioned why
DNA testing was being required
on stallions who had previously
been blood typed. After review of
the rulebook, the Board concurred
that the words ìgenetically testedî
allows for compliance of the
registration rules when a stallion
was previously blood typed only;
however, any stallion used in the
Select Sire Futurity Program,
used in the collecting/shipping/
insemination of semen, or being
hardshiped, must be DNA tested.
The Board directed President
Guthrie to clarify rule #16 C with
the Executive Secretary and the
Registrar.

Director Chestnut made a motion
to allow an LLC (to be created by

the regions that are struggling to
stay afloat. Director McKenzie
seconded. Discussion. Motion
passed.
