ISAMBANE

# Isambane Adventure Package

## 7 Night Safari & Trails

### Experience

These safari and walking trails experience operates on two different eco bush camps, both situated within a Big 5 nature reserve and open to the Greater Kruger.

With spectacular views, unfenced and interwoven with the lowveld's vegetation Isambane's tented camp provides a closer experience to the African bush. The camp runs on solar energy always striving to minimize the effect we have on the environment.

At Lowveld Trails an authentic unfenced Tented Camp is erected under magnificent Jackalberry Trees prior to each Trail. The entire camp is removed upon group departure, assuring minimum environmental impact according to the 'no-trace' ethic.

It's a classic back-to-basics safari & walking trails with the focus being on simplicity and getting closer to nature.

### Reservations

The trails package is restricted to group bookings of 4 or 6 guests.

### Highlights

- Wildlife game viewing in the Greater Kruger National Park
- Guided nature game drives and walking trails with big game encounters
