Vineyards are planted on decomposed granite and "Koffieklip soils in the Agter Paarl & Stellenbosch regions. Trellised vines, picked relatively early to retain a vibrant palate with a touch of texture.

Aged on the fine lees for 5 months before blending and bottled 6 months after harvest  
The 4 parcels were fermented separately in stainless steel tanks at very low temperature (55°F) and left on the fine lees until the final blend was made up.

A subtle style of Sauvignon blanc with cape gooseberry, cut grass and blossoming verbena. Soft textured and will pair nicely with a tomato/mozzarella salad, a butternut soup or some grilled prawns
