

## Experience ⇒

**Culturally Situated  
Design Tools**  
05.2019 - 08.2019

### **UX Specialist Intern**

Redesigned an NSF-funded educational program's tutorial pages to enable effective learning with its visual programming software. Coordinated 8 workshops, rewrote 3 video scripts, and paired with the developer to implement the design.

**UM Engagement  
Learning Office**  
05.2019 - 08.2019

### **UX Consultant Intern**

Helped the School of Information recruit 356 program clients in 3 months through idea communication and project scoping.

**Purdue Center on  
Aging and Life Course**  
01.2018 - 05.2018

### **Web Designer**

Transformed users' data into design goals with the priority of implementation. Created mockups and design guidelines including color codes, typography and branding.

## Projects ⇒

**Anonymouse**  
01.2019 - 12.2019

### **UI Development Team Lead**

Led the 6-people team to redesign and develop the UI of an encrypted microblogging app's MVP. Conducted 8 interviews, 3 rounds of 4-participant user tests and iterations. The MVP attracted 101 alpha test participants in 10 days.

**UM Center of  
Education Design,  
Evaluation & Research**  
01.2019 - 05.2019

### **UX Design & Research**

Evaluated and redesigned the website to help the educational profession effectively locate desired services. Pinpointed user needs and usability issues with 1 interaction map, 5 interviews, 1 survey, and a comparative analysis of 20 websites. Created 2 prototypes and consolidated the design through 6 user tests.

## Education ⇒

**University of Michigan**  
08.2018 - 05.2020

### **MS in HCI**

UX focus, merit scholarship

**Purdue University**  
08.2014 - 05.2018

### **BSc. in Computer Graphics**

Graduated with distinction

## Award ⇒

**Purdue 2018 Hitchhiker's  
Exhibition 1st Place**

Developed a VR training experience for Purdue structural biology lab.

## Skills ⇒

Contextual inquiry ·  
Heuristic evaluation ·  
Survey design · Rapid  
prototyping · User testing

Photoshop · Illustrator ·  
Figma · InVision · Protopie ·  
Unity (AR/VR)

HTML/CSS · Python ·  
JavaScript/React ·  
PHP & SQL
