

# Make a carton bird feeder

1. Cut two rectangular holes in an old carton using scissors – ask an adult to help!
2. Carefully poke a hole under each opening using scissors.
3. Push a stick through the hole to make a perch.
4. Attach a string to the top of the carton to hang it up.
5. Fill up your bird feeder with bird seed, porridge oats, or scraps of bread.

The City of  
London protects  
and manages  
14 green spaces  
in and around  
London.
