Supporters are often people who only want to participate in a specific project or complete a specific task.

They can choose and adapt their level of commitment.

Member assembly: The member assembly is held in a leased facility and transmitted as a video stream. All members will receive an invitation so they can connect to the stream. Members who want to participate in person must register.

All members will be invited via e-mail. In addition, the invitation will be published on the website a couple of weeks before the assembly.
