Brewguard™

Phos Blend CIP Cleaner

DESCRIPTION AND APPLICATION

Brewguard™ Phos Blend CIP Cleaner is a non-foaming liquid acid detergent formulated for circulation and manual surface cleaning of all stainless steel brewery processing equipment.

FEATURES AND BENEFITS

- A non-foaming, biodegradable and free-rinsing formulation
- Dissolves and helps prevent recurrence of beer stone and other mineral deposits when used alternately with an alkaline cleaner
- Neutralizes, softens and removes tough, baked-on soils
- Excellent for the acidification of the exterior surfaces of stainless steel equipment
- Non-volatile, stable product that maintains effectiveness at high temperatures
- Non-corrosive to stainless steel at recommended use dilutions

USE DIRECTIONS

- Bright Tanks and Fermenters: 0.5 – 1 oz. of product per gallon of water
- Brewhouse: 2 – 3 oz. of product per gallon of water
- Exterior stainless steel equipment surfaces: 0.5 oz. of product per gallon of water
- Consult your Shepard Bros. Inc. representative for specific use instructions and recommended dispensing equipment

PROPERTIES AND SAFE HANDLING

A Safety Data Sheet containing detailed information regarding the properties and safe handling of **Brewguard™ Phos Blend CIP Cleaner** is available on request and should be carefully reviewed prior to using this product.

(Rev. 3/2015)

The technical information and use suggestions herein are presented in good faith and are believed to be reliable. They do not constitute a part of our terms and conditions of sale unless specifically incorporated in our Order Acknowledgement. Nothing herein shall be deemed to constitute a warranty, expressed or implied, that said information or data are correct, or that the product described is merchantable or fit for a particular purpose, or that said information, data or product can be used without infringing patents of a third party. The purchaser must determine individually, by preliminary tests or otherwise, the suitability of this product for the intended purpose.
