## Brewguard™ Acid HF

### DESCRIPTION AND APPLICATION

---

**Brewguard™ Acid HF** is a high foaming, liquid acid detergent formulated for the spray, soak and foam cleaning of brewery equipment.

### FEATURES AND BENEFITS

---

- A high-foaming, biodegradable and free-rinsing formulation
- Wetting agents provide rapid soil penetration, dispersion and suspension
- Powerful cleaning action rapidly removes beer stone, water hardness and mineral films
- Dissolves and helps prevent lime and other mineral deposits when used alternately with an alkaline cleaner
- Stable in hot or cold water and non-fuming
- Non-corrosive to stainless steel at recommended use dilutions

### USE DIRECTIONS

---

- Use at a rate of: 2 – 4 oz. of product per gallon of water
- Consult your Shepard Bros. Inc. representative for specific use instructions and recommended dispensing equipment

### PROPERTIES AND SAFE HANDLING

---

A Safety Data Sheet containing detailed information regarding the properties and safe handling of **Brewguard™ Acid HF** is available on request and should be carefully reviewed prior to using this product.

(Rev. 3/2015)

The technical information and use suggestions herein are presented in good faith and are believed to be reliable. They do not constitute a part of our terms and conditions of sale unless specifically incorporated in our Order Acknowledgement. Nothing herein shall be deemed to constitute a warranty, expressed or implied, that said information or data are correct, or that the product described is merchantable or fit for a particular purpose, or that said information, data or product can be used without infringing patents of a third party. The purchaser must determine individually, by preliminary tests or otherwise, the suitability of this product for the intended purpose.
