# Brewguard™ Metal Safe Cleaner

## DESCRIPTION AND APPLICATION

---

**Brewguard™ Metal Safe Cleaner** is a concentrated liquid blend of alkaline cleaners, detergents, wetting agents and solvents specifically formulated for the CIP cleaning of soft metal brewery equipment.

## FEATURES AND BENEFITS

---

- Balanced blend of powerful degreasers, alkaline cleaners, detergents and highly effective wetting agents for maximum soil penetration and removal
- Rapidly attacks and removes proteinaceous soils
- Built-in water conditioners prevent hard water precipitates
- Clear, residue-free rinsing – leaves stainless steel bright and shiny
- Non-abrasive / non-corrosive – safe on all metals and plastics

## USE DIRECTIONS

---

- For copper kettles, use 4 to 6 oz. of product per gallon of water
- Consult your Shepard Bros. Inc. representative for specific use instructions and recommended dispensing equipment

## PROPERTIES AND SAFE HANDLING

---

A Safety Data Sheet containing detailed information regarding the properties and safe handling of **Brewguard™ Metal Safe Cleaner** is available on request and should be reviewed prior to using this product.

(Rev. 3/2015)

The technical information and use suggestions herein are presented in good faith and are believed to be reliable. They do not constitute a part of our terms and conditions of sale unless specifically incorporated in our Order Acknowledgement. Nothing herein shall be deemed to constitute a warranty, expressed or implied, that said information or data are correct, or that the product described is merchantable or fit for a particular purpose, or that said information, data or product can be used without infringing patents of a third party. The purchaser must determine individually, by preliminary tests or otherwise, the suitability of this product for the intended purpose.
