DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USING AND AT INTERVALS DURING PROLONGED USE.

Hold container upright with nozzle away from you. Press valve down and spray as directed. To avoid possible staining of fabrics or surfaces, do not spray at close range.

Flies, Mosquitoes, Gnats, Midges, Wasps, Hornets and Flying Moths (Millers): Close all doors and windows and spray room at the rate of 1 second per 1000 cubic feet. Direct spray to all parts of room, especially windows and other light sources which attract these insects. Keep nozzle in constant motion. Keep room closed for 10 to 15 minutes after treatment. Repeat treatment as necessary.

Use Restrictions & Precautions

Do not allow adults, children, or pets to enter until vapors, mists and aerosols have dispersed, sprays have dried and the treated area has been thoroughly ventilated.

Do not apply this product in a way that will contact adults, children, or pets either directly or through drift.

After space sprays, do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors, and/or mist have dispersed.

Do not wet articles to point of runoff or drip.

Do not use treated article until spray has dried.

Remove pets, birds and cover any water inhabited by fish (such as aquariums and ornamental fish ponds) before spray application.

Turn off aquarium filtering systems before spraying and wait approximately 15 minutes after application before turning the filter back on. (Remove pets, birds, and cover fish aquariums before use.)

Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic

habitat can occur. Do not allow the product to enter any drain during or after application.

Not for use in metered release systems.

Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use.

Not for use in outdoor residential misting systems.

Close milk bulk lids to prevent contamination from spray and from dead or falling insects. Remove or cover milking utensils before application. Wash teats of animals before milking.

Do not make space spray applications when facility is in operation. Prior to space spray applications, cover or remove food. Prior to space spray applications, cover food processing surfaces or clean after treatment and before use. Do not apply directly to food.
