# SB- PROPYLENE GLYCOL FCC, INHIBITED

## PRODUCT DESCRIPTION

---

**SB-PROPYLENE GLYCOL FCC, INHIBITED** is a formulated heat transfer fluid based on Food Chemicals Codex (FCC) grade propylene glycol. Corrosion protection is provided by a highly effective FCC grade inorganic corrosion inhibitor.

**SB-PROPYLENE GLYCOL FCC, INHIBITED** was developed for applications requiring a non-toxic coolant where direct food contact is not intended.

## APPLICATIONS

---

Typical applications for **SB-PROPYLENE GLYCOL FCC, INHIBITED** include:

- Cooling packaged food products
- Defrosting Refrigeration Coils
- Chilling Liquid Foods
- Carbonated Beverage Packaging
- Milk Pasteurization (sweet water process)
- Fermentation Tank Cooling
- Dehumidification

## SAFE HANDLING

---

A Safety Data Sheet containing detailed information regarding the properties and safe handling of **SB-PROPYLENE GLYCOL FCC, INHIBITED** is available on request and should be reviewed prior to using this product.

(Rev. 10/16)

The technical information and use suggestions herein are presented in good faith and are believed to be reliable. They do not constitute a part of our terms and conditions of sale unless specifically incorporated in our Order Acknowledgement. Nothing herein shall be deemed to constitute a warranty, expressed or implied, that said information or data are correct, or that the product described is merchantable or fit for a particular purpose, or that said information, data or product can be used without infringing patents of a third party. The purchaser must determine individually, by preliminary tests or otherwise, the suitability of this product for the intended purpose.
