Brewguard[®]

Powdered Brewery Cleaner

PRODUCT DESCRIPTION

Brewguard[®] Powdered Brewery Cleaner is a heavy duty, powdered, alkaline cleaner that has been specifically developed to be highly effective in all areas of brewery cleaning, including the brewhouse, fermentation tanks, bright tanks and keg washing.

PROPERTIES AND BENEFITS

- A versatile, multi-functional cleaner with powerful wetting agents to provide quick and thorough soil penetration and improved cleaning performance
- Heavy duty formulation easily removes the heavy soils commonly found in brewery, food and beverage plants
- Non-caustic formulation is safe and effective for stainless steel kegs, tanks and other brewery areas
- Rinses quickly and easily
- Non-abrasive / non-corrosive – safe on metals, plastics and painted surfaces

DIRECTIONS

- Kegs, Bright Tanks, Fermenters: 0.75 oz. of product per gallon of water
- Brewhouse: 1 to 2 oz. of product per gallon of water
- Floors, walls and tank exteriors: 1 oz. of product per gallon of water
- Parts and non-food contact surfaces: 0.5 - 1 oz. of product per gallon of water
- Consult your Shepard Bros. Inc. representative for specific use instructions and recommended dispensing equipment

SAFE HANDLING

A Safety Data Sheet containing detailed information regarding the properties and safe handling of **Brewguard[®] Powdered Brewery Cleaner** is available on request and should be carefully reviewed prior to using this product.

(Rev. 04/17)

The technical information and use suggestions herein are presented in good faith and are believed to be reliable. They do not constitute a part of our terms and conditions of sale unless specifically incorporated in our Order Acknowledgement. Nothing herein shall be deemed to constitute a warranty, expressed or implied, that said information or data are correct, or that the product described is merchantable or fit for a particular purpose, or that said information, data or product can be used without infringing patents of a third party. The purchaser must determine individually, by preliminary tests or otherwise, the suitability of this product for the intended purpose.
