Collaboration  
Solution Focused.

## EMPLOYMENT

---

### Industrial Design Intern | UW Design Research

September 2019—June 2020 | Seattle, Washington / Remote

Designed, modeled, prototyped, and user-tested a liquid reservoir to eliminate bag leaks and recycling contamination for the UW Recycling custodial team. Faculty advisors: Jason Germany & Karen Cheng.

### Contract Industrial Designer | Studio Matthews

January 2020—March 2020 | Seattle, Washington

Modeled and prototyped mechanical interactives and exhibition panels inside a Boeing 727 fuselage for the Take Flight Exhibit at the Chicago Museum of Science and Industry.

### Illustrator | The Daily Newspaper at Univ. Washington

February 2018—March 2020 | Seattle, Washington

Illustrated hand-drawn and vectorized graphics and illustrations for articles and comic sections in the student-run newspaper. Approximately 20 illustrations in total.

### Student Ambassador | UW Office of Admissions

June 2018—October 2019 | Seattle, Washington

Led informational walking-tours across the UW Campus to groups of 20+, sharing insights, statistics, and my experiences regarding Seattle and the University of Washington. Approximately 1200 people in total.

## EXTRACURRICULAR ACTIVITIES

---

### President, UW Chapter | IDSA

September 2019—June 2020 | Seattle, Washington

Vice President, September 2018—June 2019 | Seattle, Washington

Organized and coordinated 2 professional portfolio reviews with 15 industry professionals, 5 studio tours, and hosted 4 lectures/panels to supplement and contextualize our industrial design education. Post covid, created the Instagram #SocialDistancingSketches

### Mary Gates Undergraduate Research Scholar

Summer Institute of Arts and Humanities | UW

Summer 2019 | Seattle, Washington

Conducted speculative design research on the relationships and consequences of social capital exchange. Research project presented at the Mary Gates Research Symposium in Summer 2019.

### Team Lead, National Project | Design for America

January 2019—April 2019 | Seattle, Washington

Led team of 5 non-designers on collaborative design project aimed at the retention and recruitment of lifeguards across all YMCA branches. Worked through design research, ideation, prototyping, and final deliverable. Presented final project at YUSA Headquarters, Chicago, IL.
