Experience

Artist Assistant/Developer
James Clar Studio

Dec. 2019 -- May 2020
Brooklyn, US

- Built a user-friendly interface in TouchDesigner for the artist to control 8 outputs and generate effects in realtime.
- Developed a realtime tracking and interactive system in TouchDesigner for three installations which will be installed and exhibited in the upcoming Milan Design Week 2020 (Cancelled due to Covid-19).

Creative Career Design Fellow
NYU Production Lab

Sept. 2019 -- Dec. 2019
New York, US

- Collaborated with other fellows from various art and design backgrounds on the concept development.
- Tailored storytelling, pitching, relationship building and grant writing skills with professionals in the industries.

Digital Experience Design Intern
Gensler

May 2019 -- Aug. 2019
New York, US

- Mainly worked on TouchDesigner and web development, interaction design, and projection mapping.
- Collaborated closely with experience designers, creative technologists, design managers and design strategists in brainstorm, design and development process.

Interaction Design Co-op
American Museum of Natural History (AMNH)

Feb. 2019 -- May 2019
New York, US

- Pitched ideas to museum staffs from the Department of Exhibition and 5 other departments. Collaborated closely with designers, engineers and scientists in AMNH Public Programs, and mainly worked on the interaction design, UX/UI design, and web development.
- Participated in the design and development of a playful installation for the Museum's educational event, SpaceFest on July 20, 2019 (over 6,000 visitors).
