

Alphablocks Letter Cards

SAY THAT SOUND:

Start with a handful of letter sound cards and spread them face down. Pick a card and say the letter sound and something beginning with that sound. If you get it right, keep the card. Keep repeating the missed cards and slowly add more cards in.

MUSICAL STATUES:

Spread a handful of cards on the floor, starting with the ones your child knows best. Put some music on and ask them to dance. When you stop the music, say a letter sound. They have to stand on the letter card. And repeat!
