

Quality Control Collaboratory

Craft Beverage Testing + Education | University of Southern Maine

University of Southern Maine
Quality Control Collaboratory
70 Falmouth St.
Room 394 | Science Building
Portland, ME 04103

Thank you for choosing QC2 for your quality control testing needs!

Please read our sample submission instructions below. Analyzing your product is our highest priority, and we look forward to delivering your results as soon as possible. If you have any questions don't hesitate to call or email us.

SAMPLE PREPARATION

All samples submitted for testing must be labeled with a unique ID/identifier, company name, and test requested. Please ensure you submit the volume required for all analyses.

DROP OFF INSTRUCTIONS

Samples can be dropped off from 9am - 5pm Monday through Friday. There are two drop off locations with access from Falmouth Street or Bedford Street (see map below). After dropping off your samples, please call or text 207-370-1619 and a member of our team will promptly retrieve them.

BEDFORD STREET DROP OFF

- Route to the University of Southern Maine, Woodbury Campus Center.
- Continue past the Campus Center until reaching P1 in front of the Science Building (the glass building on the hill).
- Samples should be placed in the cooler located at the building entrance.

FALMOUTH STREET DROP OFF

- Route to Southworth Planetarium.
- Pull into the horseshoe drive.
- Place samples in the cooler located at the side entrance to the left of the entrance labeled "Science Building."

SHIPPING INSTRUCTIONS

Securely package samples to prevent damage during transport and ship to the address listed in the header above. Please email the tracking number to usm.qc2lab@maine.edu so our team can plan for the arrival of your samples.
