

To calculate square footage of your countertop as accurately as possible it is best to divide the countertop into section as shown above.

Countertop piece 1:	25 in x 87 in =	2,175 sq in	
Countertop piece 2:	25 in x 39 in =	975 sq in	
Countertop piece 3:	25 in x 37 in =	925 sq in	
Total countertop:		4,075 sq in ÷ 144 =	28.3 square feet

Backsplash piece 4:	87 in x 4 in =	348 sq in	
Backsplash piece 5:	64 in x 4 in =	256 sq in	
Backsplash piece 6:	37 in x 4 in =	148 sq in	
Total backsplash:		752 sq in ÷ 144 =	5.2 square feet

Total in square feet:			33.5 square feet
