WORK EXPERIENCE

Print & Web Designer

Exhibit-E/Dan Miller Design | 8/2018-Present

Work within specific project briefs, and within their web platform to create elegant usable web interfaces and optimize designs for usability, accessibility, and browser/device compatibility using HTML, CSS, and JavaScript. All websites that were designed follow the accessibility web standards and educate clients about what they need to do to assure that their content is accessible.

Junior Designer

Who's There Group | 2/2017-8/2018

Designed multi-page printed pieces using InDesign to create an array of different products that required strong type skills, layout design, and an eye for detail. Created style guides for the current signature products to increase efficiency when designing the new products within the series. Developed innovative design proposals for different products in a timely manner.

Content Development Specialist

LAPD Professional Peace Officers Association | 2014-2019

Developed and maintained web content for the main website and design websites for the union partnership organization and forms using Dreamweaver CC and WordPress. Contributed content for social media strategies, development and provide videography/photography services at events

Multimedia Specialist

Hillcrest Retirement Community | 10/2016-01/2017

Conducted training sessions to professional staff on how to use WordPress, to update content and also on optimal use of multimedia resources to improve their website responsiveness. Assisted in expanding search engine optimization strategies of their current website

Multimedia Teaching Assistant

University of La Verne, Communications Department | 2015-2016

Assisted a group of 20-30 students with the principle foundations of web design and development using Dreamweaver and solve any troubleshooting throughout class. Lead class lectures on HTML and CSS by providing class materials and going through interactive step by step labs.

Resident Assistant

University of La Verne Housing & Residential Life | 2015-2016

Developed a positive living environment designed to link community, faculty, and residents, often resolving conflict.
