

Digital Product Designer (mid-senior).

As a Product Designer at Ciara, you will play a vital role in forming company strategy, product roadmap, brand, and how we collaborate. We're a product-driven company, so we believe that building a successful business starts with building a user-centric product. You will work closely with the development & customer-facing departments to analyze our user's needs, turn them into tangible features & build a product users love.

YOUR OPPORTUNITIES.

- ✓ Contribute to the overall product and design direction of the whole company.
- ✓ Conduct user research, validate concepts with end-users, and extract insights along with peers in product, sales & customer success.
- ✓ Translate insights into tangible features and communicate those through mock-ups, high-fidelity visuals, and prototypes.
- ✓ Work closely with the development team to ensure we are shipping a high standard of UX.
- ✓ Use, evolve, and formalize our internal design system.
- ✓ Collaborate with the Marketing team to evolve our brand across all user-facing touchpoints.

ABOUT YOU.

- ✓ Deep passion for figuring out the most effective solutions to UX, UI, and interaction design challenges.
- ✓ Effective written and verbal communication skills in English.
- ✓ Ability to think through complex user flows.
- ✓ Expressing ideas quickly through visuals and iterating based on feedback.
- ✓ Ability to give and receive feedback, and provide rationale for design decisions.
- ✓ Strong proficiency in design & prototyping tools (Figma, Framer, etc.).

WHY CIARA?

- ✓ We foster a culture of fast progress, open communication, and personal advancement. You'll learn what it takes to build a young company and get your own ideas to work.
- ✓ We work and celebrate as one strong team and support you to reach your goals. Individual learning is important to us and we'll help you make huge steps forward in a short time.
- ✓ We pay a competitive salary and provide you with all the personal freedom you need to get your job done your way.
