

I'm a multi-disciplinary designer, currently based in Rimini (IT), specialized in **visual identity** and problem solving. I prefer **strategy** and **method** over pretty visuals and fancy aesthetic per se.

Work experience

2015 - today

Graphic designer @ Neri S.p.A., Longiano (FC) - IT

Neri is a lighting manufacturer, I work in the graphic and marketing department where I am responsible to make sure the brand identity is being consistent through each company assets, needed by every branch of the company, located across United States, Europe and India.

2016 - today

Graphic designer @ Cota&Tequila Production, Rimini (RN) - IT

Cota & Tequila Production has been organizing one of the world's most iconic Ultimate Frisbee tournaments since 1991: Paganello. Here I'm in charge of the graphic department, social media, and events staging.

2013 - today

Communication manager @ LSDF, Rimini (RN) - IT

Libera Società del Frisbee (LSDF) is one of the oldest disc sport associations in Europe, in which I'm head of communication and graphic design, as well as being an active player myself.

2013

Graphic designer (internship) @ Fabbricando, Cesena (FC) - IT

My first job experience as a design student, where I learned to work for very different tasks and requests from every kind of client, from small restaurants to big corporations.

Education

2020

Webflow Masterclass @ Flux Academy (Online)

During the 2020 lockdown I've completed the Webflow Masterclass and learned how to build Webflow websites following best practice and standards.

2011-2015

Bachelor degree in Industrial Design @ UNIRSM, San Marino – RSM

University taught me the importance of the design process over the aesthetics, it gave me the fundamentals of design and the tools to develop my skills through personal effort.
