

Re-enrollment in art clubs from 29 March to 9 April 2021

The art clubs of the Espoo School of Art will continue in the upcoming school year starting next autumn. Current students can enroll in art clubs and the basic education groups of the Espoo School of Art for the next school year before the enrollment period for new students begins.

To continue your studies in the school year 2021–2022, please re-enroll in your art club or switch over to basic education through the Eepos system between 29 March and 9 April.

Re-enrollment in the Eepos system

To enroll, you will need your personal Eepos user ID and PIN code, which were given to you when you started at the art school. The user ID was sent to you from postitus@eepos.fi. If you do not have a user ID, you can request it from the school's office (toimisto@espoonkuvis.fi). Please hold on to your credentials as you will need them later to update your contact information and read entries made by teachers.

The actual re-enrollment is done in Eepos (espool.eepos.fi) using your personal credentials. Before you enroll, please check that the student's contact details and filming and photography consents are up to date. Please remember to update your email address if it has changed as all tuition fee invoices and important announcements are sent to students and guardians by email. Please enter an email address that you check regularly.

The dates and times when the art clubs meet will be announced at the beginning of the autumn semester once the schools that host our clubs have confirmed their own schedules. If the club's meeting times clash with the student's autumn schedule, the student can give up their place in the club free of charge by the due date stated in the autumn tuition fee invoice.

Students are entitled to change groups during April before new students are admitted in. You can make a request to change the group by contacting the office of Espoo School of Art: toimisto@espoonkuvis.fi.

Use the same form to notify the school of the termination of studies.

Transferring to basic art education

The art clubs of the Espoo School of Art are targeted at primary school-aged students. For students moving on to lower secondary school, the Espoo School of Art offers basic education groups in art and handicrafts in different locations around Espoo. Younger students who are interested in more comprehensive and goal-oriented art education are also welcome to join these basic education groups.

If you wish to transfer from an art club to basic art education at the start of the next school year, please select the option "Haluan siirtyä perusopetusryhmään syksyllä 2021" in the re-enrollment form and specify which facility you want to go to.
