## Work Experience

Upwork

### User Experience Designer

Nov 2019 - Present

Freelance

- Working closely with project manager to design on-boarding, face ID setup and wireflows for XIX Entry after first usertesting. See version 1 here, <https://www.getxix.com/>
- Headed the design for 3 different clients in gathering user needs, developed user stories & wireframes to illustrate context of app usage.
- Obtained the budget after designing & prototyping screens to show functionality of app for a business pitch.

Kessler Collection with JW Marriott

### User Experience Designer

Sept - Nov 2019

Savannah, GA

- Brainstormed on ideas for UX challenges in kiosk built in a new hotel lounge area. Prototyped user interface designs for kiosk.
- Created patterns and guidelines appropriate for the Kessler brand.
- Met with stakeholders to assess their goals and delivered on-brand design assets.

Electronic Arts

### Experience Design Intern

June - Aug 2019

Orlando, FL

- Worked closely with engineers to test design ideas for new game mode. Implemented 10+ features for live demo for a 10 member team.
- Analyzed existing UX drawbacks & highlighted ways to improve for the final presentation to the internal team.
- Inspected usability testing and eye-tracking with key stakeholders to consolidate most utilized and least used features.
