POWER2CM

BY FYB PTY LTD

The FYB Power2CM connector creates records in Content Manager from Microsoft Power Automate, enabling you to integrate a variety of platforms with Micro Focus Content Manager

Using the FYB Power2CM connector will provide the following benefits:

- ▸ Ensures your organisation is meeting its record keeping compliance requirements for the storage and management of documents and records within Content Manager
- ▸ Simplify and automate processes, saving time
- ▸ Provides your organisation with a complete view of business data by reducing siloed repositories

POWER2CM
BY FYB PTY LTD

Delivering the best Information Governance,
Systems and Solutions to our customers.

Version 2.0.9 Features

▸ Create records in Content Manager with data from a Power Automate flow

▸ Generate a PDF with data from a Power Automate flow to store in Content Manager

▸ Intuitive admin console

▸ Automated statistics email with connector usage data

▸ FYB Power2CM is bundled with several Power Automate flow templates to help you build and configure your own custom flows

▸ Using Power2CM and the included flows enables you to capture:
