Work Experience

Design Intern, Microsoft

Jun - Sep 2020

Designed onboarding experience UI from project definition to research, usability testing, UI design, and implementation over a 12 week internship.

Teaching Assistant, UW CSE

Mar - Jun 2020

Planned and taught two sections per week, graded, and held office hours for a front end web development course (CSE 154).

UX Design Intern, CDK Global

Jun - Aug 2019

Produced research and design projects in a 10 week internship that spanned numerous domains across the company.

UX Projects

Resource Management UI for Seattle Traffic Agencies

Apr - Jun 2020

Worked with ambiguity and complexity to ideate and design a resource management tool aimed at decreasing incident response delays.

Prototyping London Infrastructure

Sep 2019

Critically examined systems in London through data collection, iterative prototyping, and a final physical prototype in a three week study abroad program.

AR Active Sight

Sep - Dec 2018

Thorough UCD project that culminated in an AR reporting system for firefighters.

UX Outreach

President for Women in User Experience (WiUX)

Jun 2019 - present

Plan and attend weekly club meetings, sparking conversation on upcoming agenda items. Organize UX related events to inspire and connect local UX community.

Previously Public Relations Officer from Jun 2017 - Jun 2018.

K-12 Charrette Outreach Program

Mar - Jun 2018

Planned and led outreach sessions at local high schools that introduced students to the field of UCD through engaging design charrettes.
