Denver Kids believes that: *Every student graduates. Every student is prepared with life skills, equipped with a greater understanding of self, and empowered to pursue their meaningful pathway post-graduation.* Denver Kids empowers nearly 1,100 students annually across Denver Public Schools with academic and social-emotional support, enrichment activities and future planning. The Denver Kids experience positively shapes these students' lives, helps them to graduate high school and supports them as they develop a strong sense of self and the skills to achieve their unique vision for the future. Thank you for empowering students to succeed by providing critical school supplies!
