

ADVISORY BOARD

KIDS Initiative also operates with a small **advisory board** that provides strategic insight and advice to the management of the organization. Advisory board members will be nominated, fill out an application, and be voted on as a 50%+1 vote by the current board of directors. Advisory board members will be communicated the board meeting dates/times and will be shared the board meeting minutes on a monthly basis without being held to the same rules and regulations revolving attendance. These members will consist of expert professionals such as doctors, health care practitioners, lawyers, and accountants.
